12. Remarks:

This application is filed as part of the implementation of the operating agreement described in Section 205(a) of Public Law 101-618, which operating agreement is referred to as the Truckee River Operating Agreement. This Secondary Application is filed for permission to use for wildlife purposes water stored pursuant to Primary Application No. 73867 at the places of use described herein. It is one of two applications for secondary permits to be issued under Primary Application No. 73867. The number of acre feet listed in response to number 2(a) is the full amount of the water right being changed under Primary Application No. 73867. It is recognized that the quantity allowed to be stored will be limited to the consumptive use component as determined by the Nevada State Engineer in connection with Primary Application No. 73867. The quantity of water which may be released and used from storage under this and related secondary permits in any one year will not exceed the amounts allowed by the Truckee River Operating Agreement. The water released from one or more of the reservoirs described in Exhibit "A" may be used for wildlife purposes within the limits of the natural stream bed and banks of the Truckee River from the existing reservoirs to Pyramid Lake.

Any secondary permit issued under this application shall enter into effect simultaneously with the entry into effect of the Truckee River Operating Agreement.
