APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the place of use of the waters of the Truckee River as heretofore granted under Claim 310, and a portion of Claim 306, of the Truckee River Final Decree, is issued subject to the terms and conditions imposed in said decree and with the understanding that no other rights on the source will be affected by the change proposed herein. A suitable measuring device must be installed and accurate measurements of water placed to beneficial use must be kept.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This permit is issued for the irrigation of 1.23 acres within the described place of use.

The point of diversion and place of use is as described under items 5 and 7 respectively on the submitted application to support this permit.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed .056 cubic feet per second, but not to exceed 5.0 acre-feet as decreed.

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

July 10, 2008

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

July 10, 2017

Map in support of proof of beneficial use shall be filed on or before:
