APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the place of use of the waters of an underground source as heretofore granted under Permit 70970 is issued subject to the terms and conditions imposed in said Permit 70970 and with the understanding that no other rights on the source will be affected by the change proposed herein.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

Portions of this permit are supplemental to surface water granted under Permit 2933, Certificate 600; Permit 3513, Certificate 629; Vested Rights V02639, V02640, V02641 and V02642. The surface water must be used for irrigation prior to the use of any of the supplemental ground water.

This permit is issued for the irrigation of 400 acres within the described place of use.

The point of diversion and place of use are as described on the submitted application to support this permit.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 4.0 cubic feet per second or 1600.0 acre-feet annually, and not to exceed a yearly duty of 4.0 acre- feet per acre of land irrigated from any and/or all sources.

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

September 18, 2009

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

September 18, 2011

Map in support of proof of beneficial use shall be filed on or before:

September 18, 2011
