APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion, place and manner of use of a portion of the waters of an underground source as heretofore granted under Permit 25503, Certificate 8468, is issued subject to the terms and conditions imposed in said Permit 25503, Certificate 8468 and with the understanding that no other rights on the source will be affected by the change proposed herein.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This permit is approved for the entire 0.70 acre-feet annually as requested. However, pursuant to NRS 533.3703, initially only the net consumptive use amount of the base right, 0.56 acre-feet, can be diverted annually.

This permit is issued subject to the terms and conditions set forth in State Engineer's Ruling #5823 dated March 18, 2008.

The point of diversion and place of use are as described on the submitted application to support this permit.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.013 cubic feet per second or 0.70 acre-feet annually.

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

June 20, 2010

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

June 20, 2013

Map in support of proof of beneficial use shall be filed on or before:
