Manner of Use: IRRIGATION  
Period of Use: January 1st to December 31st  
Priority Date: 09/09/1969

**APPROVAL OF STATE ENGINEER**

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion and place of use of a portion of the waters of an underground source as heretofore granted under Permit 55658, Certificate 15951, is issued subject to the terms and conditions imposed in said Permit 55658, Certificate 15951, and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The total combined duty of water under Permits 75426, 75428, 75550, 75551 & 75552 shall not exceed 15.50 acre feet annually.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This permit is limited to the irrigation of 0.875 acres within the described place of use.

The point of diversion and place of use are as described on the submitted application to support this permit.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, **and not to exceed 0.004835 cubic feet per second or 3.5 acre-feet annually, and not to exceed a yearly duty of 4.0 acre-feet per acre of land irrigated from any and all sources.**

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

October 24, 2009

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

October 24, 2012

Map in support of proof of beneficial use shall be filed on or before:

October 24, 2012
