APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the place and manner of use of the waters of an underground source as heretofore granted under Permit 32742, Certificate 10788, is issued subject to the terms and conditions imposed in said Permit 32742, Certificate 10788 and with the understanding that no other rights on the source will be affected by the change proposed herein.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The issuance of this permit is for the correction of the place of use to include all the services provided at the time of the proof of beneficial use of Permit 32742, specifically the four parcels described in the proposed place of use of this application, being Lyon County Assessor Parcel numbers 010-504-03, 04, 06 and 07.

The point of diversion and place of use are as described on the submitted application to support this permit.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.0053 cubic feet per second or 3.84 acre-feet annually.

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

April 10, 2009

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

April 10, 2009

Map in support of proof of beneficial use shall be filed on or before:
