APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This temporary permit to change the point of diversion of the waters of an underground source as heretofore granted under Permit 60617 is issued subject to the terms and conditions imposed in said Permit 60617 and with the understanding that no other rights on the source will be affected by the change proposed herein.

This temporary permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The well must be sealed with cement grout, concrete grout or neat cement from ground level to 100 feet.

The issuance of this temporary permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This temporary permit is issued pursuant to the provisions of NRS 533.345 Section 2 and will expire October 31, 2008 at which time all rights herein granted shall revert to the right being changed by this temporary permit.

The point of diversion and place of use are as described on the submitted application to support this permit.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 3.0 cubic feet per second or 1267.0 acre-feet seasonally and not to exceed a total duty of 3.0 acre-feet of water per acre from any and all sources.

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before: N/A

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before: N/A

Map in support of proof of beneficial use shall be filed on or before: N/A
