**APPROVAL OF STATE ENGINEER**

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion of the waters of an underground source as heretofore granted under Permit 73930 is issued subject to the terms and conditions imposed in said Permit 73930 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

Monthly records shall be kept of the amount of water pumped from this well and the records submitted to the State Engineer on a quarterly basis within 15 days after the end of each calendar quarter.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The total combined duty of water under Permits 66868, 67437, 67438, 67922, 67923, 68744, 68745, 68944, 69170, 70037, 70038, 70488, 70917, 70918, 70930, 71939, 71940, 72106, 72267, 72984, 71841, 71951, 73416, 76513 and 76518 all diverted from the South Airport Well shall not exceed 566.10 acre-feet annually.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This permit is issued with the understanding that 13 new residential parcels for single family dwellings are being created by the dedication of this water right at 1.12 acre feet per lot per year. This permit is limited to the service of 13 parcels, created from Assessor's Parcel Number 1420-34-102-010. This water cannot be utilized for any other new development.

The point of diversion and place of use are as described on the submitted application to support this permit.

(Continued on Page 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, **and not to exceed 0.0201 cubic feet per second or 14.56 acre-feet annually.**

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:
