APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion of a portion of the waters of an underground source as heretofore granted under Permit 50169, Certificate 14160, is issued subject to the terms and conditions imposed in said Permit 50169, Certificate 14160 and with the understanding that no other rights on the source will be affected by the change proposed herein.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This permit is issued for Quasi-Municipal water service to the United States Air Force for the Tonopah Test & Training Range within the described place of use.

The point of diversion and place of use are as described on the submitted application to support this permit.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.25 cubic feet per second or 178.77 acre-feet annually.

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

July 28, 2009

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

July 28, 2012

Map in support of proof of beneficial use shall be filed on or before:
