This permit to change the point of diversion of the waters of an underground source as heretofore granted under Permit 71633 is issued subject to the terms and conditions imposed in said Permit 71633 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use.
