APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This temporary permit to change the point of diversion, place and manner of use of the waters of the Truckee River as heretofore granted under Permit 75113, which changed the point of diversion, place and manner of use of a portion of Permit 50040, Certificate 12556, which changed the point of diversion of Claim 624, Truckee River Decree, is issued subject to the terms and conditions imposed in said decree and with the understanding that no other rights on the source will be affected by the change proposed herein. A suitable measuring device must be installed and accurate measurements of water placed to beneficial use must be kept.

This temporary permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this temporary permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This temporary permit is issued pursuant to the provisions of NRS 533.345 Section 2 and will expire on October 31, 2008 at which time all rights herein granted shall revert to the right being changed by this temporary permit.

The point of diversion and place of use are as described on the submitted application to support this permit.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.89 cubic feet per second or 105.0 acre-feet as decreed and not to exceed a seasonally duty of 4.5 acre-feet per acre from any and all sources.

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:
