**Name of applicant:** LYON COUNTY UTILITIES  
**Source:** UNDERGROUND  
**Basin:** DAYTON VALLEY  
**Manner of Use:** MUNICIPAL  
**Period of Use:** January 1st to December 31st  
**Priority Date:** 12/26/1972

\*\*\*\*\*

#### APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion, place and manner of use of the waters of an underground source as heretofore granted under Permit 50653 is issued subject to the terms and conditions imposed in said Permit 50653 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

Monthly records shall be kept of the amount of water pumped from this well and the records submitted to the State Engineer on a quarterly basis within 15 days after the end of each calendar quarter. The amount of water pumped for use within Carson City Utilities Service Area and the amount used within the Lyon County Utilities Service Area must be recorded and submitted as separate amounts.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The total combined duty of water under Permit 24387, Certificate 8458; Permit 24388, Certificate 8459; Permit 24472, Certificate 8460; Permit 25454, Certificate 8520; Permit 25483, Certificate 8521; Permit 25484, Certificate 8522; Permit 26008, Certificate 8905; Permits 27199, 42535, 42536, 42537, 42538, 42539, 42540, 42541, 46383, 46384, 46385, 46625, 48304, 48630, 48631, 48931, 49493, 49911, 49912, 51072, 51073, 52703, 52704, 53738, 54180, 56775, 61401, 62077, 65376 and 77454 shall not exceed 1,239.95 acre-feet annually.

(Continued on Page 2)

The permittee shall report to the State Engineer on a quarterly basis the effect of pumping this well on other previously existing wells that are located within 2,500 feet of this well.

Any pumping of water in this well may be limited or prohibited to prevent any unreasonable adverse effects on an existing domestic well located within 2,500 feet of this well, unless the holder of this permit and the owner of the domestic well have agreed to alternative measures that mitigate adverse effects.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The point of diversion and place of use are as described on the submitted application to support this permit.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, **and not to exceed 1.04 cubic feet per second or 752.95 acre-feet annually.**

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

April 12, 2012

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

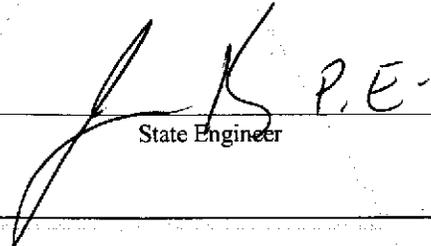

April 12, 2016

Map in support of proof of beneficial use shall be filed on or before:

Date of filing in State Engineer's Office OCT 06 2008

Returned to applicant for correction \_\_\_\_\_

Corrected application filed \_\_\_\_\_ Map filed MAY 24 1985 under 48884

The applicant Lyon County Utilities

P.O. Box 1699 of Dayton  
Street Address or P.O. Box City or Town

Nevada 89403, hereby make(s) application for permission to change the  
State and Zip Code

Point of diversion       Place of use       Manner of use       of a portion

of water heretofore appropriated under (Identify existing right by Permit, Certificate, Proof or Claim Nos. If Decreed, give title of Decree and identify right in Decree.)  
Permit 50653

1. The source of water is Underground  
Name of stream, lake, underground, spring or other sources
2. The amount of water to be changed 1.04 c.f.s., 752.95 A.F.A.  
Second feet, acre-feet. One second foot equals 448.83 gallons per minute.
3. The water to be used for Municipal  
Irrigation, power, mining, commercial, etc. If for stock, state number and kind of animals. Must limit to one major use.
4. The water heretofore used for Quasi-Municipal and Domestic  
If for stock, state number and kind of animals.
5. The water is to be diverted at the following point (Describe as being within a 40-acre subdivision of public survey and by course and distance to a found section corner. If on unsurveyed land, it should be stated.)  
SW¼ NW¼ Section 11, T. 15 N., R. 20 E., M.D.M., or at a point from which the NW corner of said Section 11 bears North 13° 15' 27" West, a distance of 2,026 feet. Please use map under 48884 to support the proposed Point of Diversion.
6. The existing point of diversion is located within (If point of diversion is not changed, do not answer.)  
SE¼ NW¼ Section 7, T. 16 N., R. 21 E., M.D.M., or at a point from which the W¼ corner of said Section 7 bears South 63° 59' 29" West, a distance of 2,744 feet. Please use map under 50653 to support the existing Point of Diversion.

153-cc

7. Proposed place of use (Describe by legal subdivisions. If for irrigation, state number of acres to be irrigated.)

The combined service areas of Carson City Utilities and Lyon County Utilities. See attached description. Please use supporting map filed under Application 76868-T to support the proposed Place of Use.

8. Existing place of use (Describe by legal subdivisions. If changing place of use and/or manner of use of irrigation permit, describe acreage to be removed from irrigation.)

NE¼, S½ Section 24; NE¼, E½ SE¼ Section 25; NE¼ NE¼, portion S½ NE¼, portion NE¼ SE¼ Section 36; all in T. 16 N., R. 20 E., M.D.M.; All of Section 19; SW¼ Section 20; W½, SE¼, S½ NE¼, NW¼ NE¼ Section 29; All of Section 30; All of Section 31 within Lyon County; all in T. 16 N., R. 21 E., M.D.M.; not to include any area within Carson City as shown on the map filed under 47997.

9. Proposed use will be from January 1 to December 31 of each year.  
Month and Day Month and Day

10. Existing use permitted from January 1 to December 31 of each year.  
Month and Day Month and Day

11. Description of proposed works. (Under the provision of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.) (State manner in which water is to be diverted, i.e. diversion structure, ditches, pipes and flumes or drilled well, pump and motor, etc.)  
See attached.

12. Estimated cost of works In excess of \$500,000

13. Estimated time required to construct works Works constructed - in final testing process  
If well completed, describe well.

14. Estimated time required to complete the application of water to beneficial use 5 years

15. Provide a detailed description of the proposed project and its water usage (use attachments if necessary):  
(Failure to provide a detailed description may cause a delay in processing.)  
See attached.

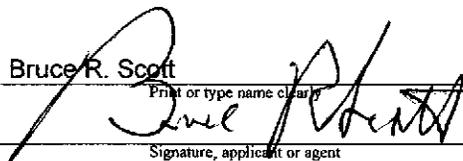

16. Miscellaneous remarks:

Please send copies of all correspondence to Carson City Utilities, 3505 Butti Way, Carson City, NV 89701, Attn: Ken Arnold. A temporary Application to Change is also being filed with this Application.

**Township 17 North, Range 21 East, M.D.M.**

The SE¼ of Section 36, those portions of the SW¼, NW¼, and NE¼ of Section 36 which lie within Lyon County.

***Attachment to Permanent Application to Change Permit 50653*****Item #11:**

Existing Carson City Well (#40 – Morgan Mill), pipeline connection from the Carson City system to a new tank near the Lyon County – Carson City line to deliver water to the existing Moundhouse system and ultimately the Dayton area as well.

**Item #15:**

The well is presently permitted and operational serving the Carson City municipal system. A pipeline booster pump station and storage tank to deliver water to the Moundhouse area have been constructed and are presently in the final completion, testing, and disinfection stage.

A temporary Application to Change is also being filed for this proposed change because the existing booster pump station serving Moundhouse from the Dayton area is in poor condition and may fail at any time leaving Moundhouse without sufficient water for fire and domestic demands. The connection to Carson City is part of the water agreement between the two counties. The potential failure of the Moundhouse booster pumps has caused the need to immediately place the new connection into service.
