### APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This secondary permit is issued subject to the provisions of NRS 533.440. This permit is issued for wildlife purposes upon discharge from the upstream reservoirs identified in Exhibit B of the application and is subject to the terms and conditions under the Primary Permit 78020. Any storage and transportation losses, as established by the administrator of the Truckee River Operating Agreement, must be deducted from the amount of water available for use under this secondary permit. This permit is issued subject to the continuing jurisdiction and regulation by the State Engineer and the Federal Water Master.

This permit is issued subject to existing rights.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The point of diversion and place of use are as described on the submitted application to support this permit.

(Continued on Page 2)

The amount of water appropriated under this Secondary Permit shall not exceed the amounts permitted under the Primary Permit. The quantity of water released and release rate from storage under this Secondary Permit in any year shall not exceed the amounts allowed by the Truckee River Operating Agreement.

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

February 14, 2016

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

February 14, 2021

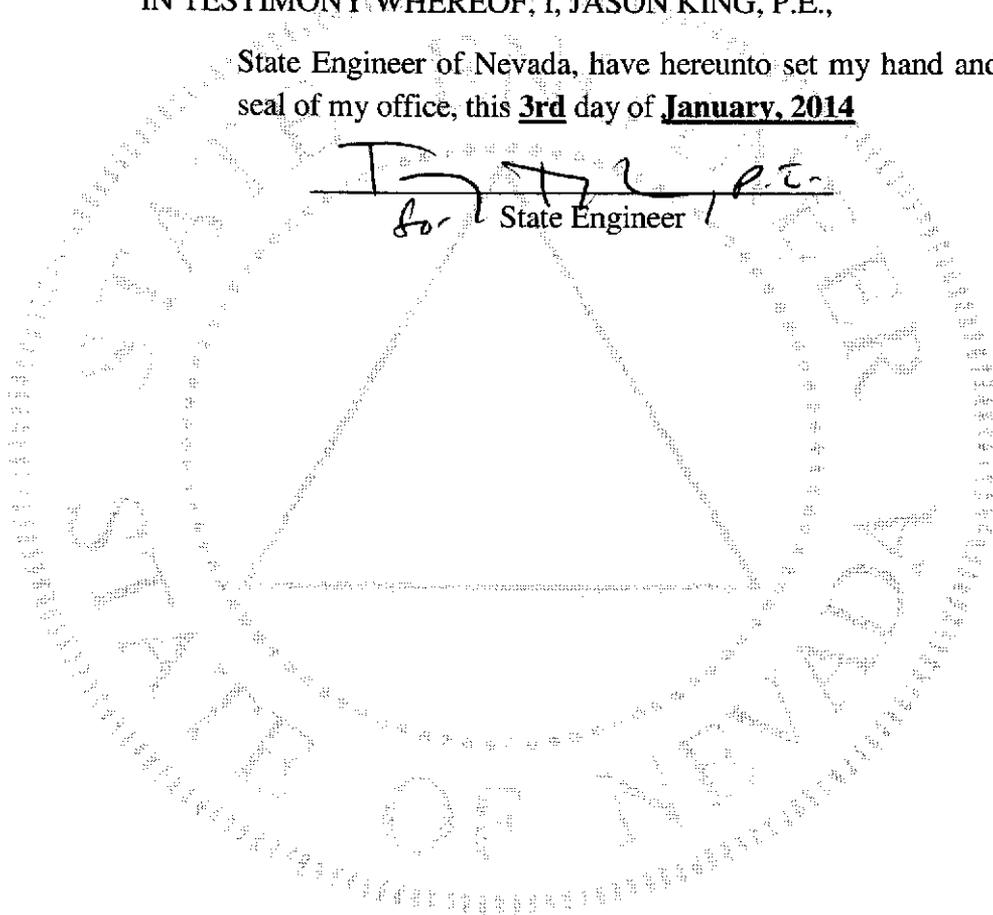

Map in support of proof of beneficial use shall be filed on or before:

## 12. Remarks:

This application is filed as part of the implementation of the operating agreement described in Section 205(a) of Public Law 101-618, which operating agreement is referred to as the Truckee River Operating Agreement. This Secondary Application is filed for permission to use for wildlife purposes water stored pursuant to Primary Application No. 78020 at the places of use described herein. It is one of two applications for secondary permits to be issued under Primary Application No. 78020. The number of acre feet listed in response to number 2(a) is the full amount of the water right being changed under Primary Application No. 78020. It is recognized that the quantity allowed to be stored will be limited to the consumptive use component as determined by the Nevada State Engineer in connection with Primary Application No. 78020. The quantity of water which may be released and used from storage under this and related secondary permits in any one year will not exceed the amounts allowed by the Truckee River Operating Agreement. The water released from one or more of the reservoirs described in Exhibit "A" may be used for wildlife purposes within the limits of the natural stream bed and banks of the Truckee River from the existing reservoirs to Pyramid Lake.

Any secondary permit issued under this application shall enter into effect simultaneously with the entry into effect of the Truckee River Operating Agreement.
