Name of applicant: HUGH B. THORSON
 Source: UNDERGROUND
 Basin: DAYTON VALLEY
 Manner of Use: COMMERCIAL
 Period of Use: January 1st to December 31st
 Priority Date: 04/20/1972

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This temporary permit to change the point of diversion, place and manner of use of a portion of the waters of an underground source as heretofore granted under Permit 31041, Certificate 9550 is issued subject to the terms and conditions imposed in said Permit 31041, Certificate 9550 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

A monthly report shall be submitted to the State Engineer within 10 days from the end of each month which shall include the amount of water pumped from all wells within the place of use and the amount of water used from each source.

This temporary permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The total combined duty of water under Permits 78697, 78701, 78703, 78976T, 78978T and 78780T shall not exceed 162.62 acre-feet annually for the commercial cultivation of lawn sod within the described place of use.

(Continued on Page 2)

The total combined duty of water from this well under Permits 78697, 78703 and 78978T shall not exceed 122.62 acre-feet annually.

The issuance of this temporary permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

Totalizing meters must be installed immediately on all wells within the place of use of this permit and any other wells providing water to the described place of use under this permit.

This temporary permit is issued pursuant to the provisions of NRS 533.345 Section 2 and will expire 1 year after the approval of the permit at which time all rights herein granted shall revert to the right being changed by this temporary permit.

The point of diversion and place of use are as described on the submitted application to support this permit.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, **and not to exceed 0.1005 cubic feet per second or 53.98 acre-feet annually.**

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

N/A

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

Lease Agreement

This agreement is made this 1st day of August, 2009, by and between Dayton Valley Turf, a Nevada Corporation, hereinafter called "Lessee" and Hugh B. Thorson and Terry Flatley, hereinafter called "Lessor".

Recitals

Whereas, Lessor owns certain water rights situated in Lyon County, State of Nevada, which are on file in the Nevada State Engineer's Office, described as follows:

Permit 27817, Certificate 9178, being 53.98 acre-feet annually with a diversion rate of 0.121 cubic feet per second.

Permit 31041, Certificate 9550, being 53.98 acre-feet annually with a diversion rate of 0.1043 cubic feet per second.

Permit 31042, Certificate 9185, being 28.27 acre-feet annually with a diversion rate of 0.03904 cubic feet per second.

Whereas, Lessee desires to rent, lease and hire from Lessor and Lessor desires to let to Lessee those water rights described above for commercial use in its turf farm business; and

Whereas, the parties desire to set forth their agreement in writing.

Now, Therefore, in consideration of the foregoing and in further consideration of the terms, covenants and conditions set forth in this agreement, the parties do hereby agree as follows:

1. **Leased Rights:** Lessee desires to rent, lease and hire from Lessor fifty three and 98 hundredths (53.98) acre-feet of water rights situated in the County of Lyon, State of Nevada, including the supplemental water rights, and more particularly described above.
2. **Term:** The term of this lease shall be for a period of 12 months commencing August 1st, 2009 to August 1, 2010.
3. **Assignment and Subletting:** Lessee may not assign this lease or sublet the water rights in whole or in part without the written consent of the Lessor being first had and obtained.
4. **Use of Water Rights: Restrictions:** The water rights are leased to Lessee for use of Lessee's turf farm business and not for other purpose. Lessee shall comply with all Federal, State and local laws, ordinances, rules and regulations governing the use and ownership of water rights and Lessee's use thereof. Lessee shall not commit or cause to committed any waste, damage or misuse of all or any portion of the water. Lessee agrees to put the water rights to beneficial use as required by the Department of Water Resources for continued use.
5. **Licenses and Permits:** Lessee shall conduct its business in compliance with all local, State and Federal laws, regulations and ordinances. In consideration of its use of Lessor's water rights, Lessee shall, at its own expense, obtain all necessary permits and transfer

fees including but not limited to change application and the like. In addition, Lessee shall make an annual lease payment of thirty seven dollars and fifty cents (\$37.50) per acre foot, which would total \$2024.25 per year.

- 6. Quiet Enjoyment: Lessee shall, during the term of this lease, have the right to peacefully and quietly have, hold and enjoy the leased water rights, subject to the terms of this lease without hindrance or molestation from Lessor or any person claiming by, from, or under Lessor.
- 7. Holding Over and Surrender: Should Lessor and Lessee wish to continue the practice of this Agreement after the lease term expires, an addendum may be executed for an additional period of time. Neither party has any further obligation to the other, either expressed or implies, after the termination of this Agreement.
- 8. Entire Agreement: This lease contains the complete and entire agreement between the parties and no modification hereof shall be binding upon the parties unless evidenced by an agreement in writing, signed by the Lessor and Lessee after the date of this lease.
- 9. Transferability- This lease does not prohibit the current owner of selling rights to another party. This lease may transfer to new owner without recourse or penalty, and will continue until the end of the lease term. If new owner decides to use water prior to end of this lease term, this lease terminates immediately upon approval of the new owner's application with the State of Nevada- Division of Water Resources. New owner must notify lessee 30 day's prior to submitting application through a notarized or certified letter.

In Witness Whereof, the parties hereto have executed the lease the day and year first written above.
