DENIAL OF STATE ENGINEER

A portion of the protest to Application 79638 is upheld and Application 79638 is hereby denied on the grounds that the use of water as proposed as a stand-alone groundwater right will conflict with existing rights and thereby threaten to prove detrimental to the public interest. No ruling is made on the remaining protest grounds.

State Engineer of Nevada, have hereunto set my hand and the
seal of my office, this 16th day of September, A.D. 2010
