This permit to change the point of diversion, place and manner of use of the waters of an underground source as heretofore granted under Permit 23109, Certificate 7756 is issued subject to the terms and conditions imposed in said Permit 23109, Certificate 7756 and with the understanding that no other rights on the source will be affected by the change proposed herein. The State retains the right to regulate the use of the water herein granted at any and all times.
