This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion and place of use of a portion of the waters of an underground source as heretofore granted under Permit 45870 is issued subject to the terms and conditions imposed in said Permit 45870 and with the understanding that no other rights on the source will be affected by the change proposed herein.
