This application is for a temporary permit. Well drillers in this area are readily available at this time.  
This temporary is being filed to take advantage of their availability to drill the well and use the waters  
under this application while the accompanying permanent application is being processed. The total  
combined duty of the waters under this application, Permit 69749 and Permit 69748 will not exceed  
1260 acre-feet annually. This application changes the point of diversion of a portion of Permit 69747  
in order to drill an additional well to supplement the waters pumped from the well under Permit 69747  
which will not produce sufficient amounts of water to irrigate the total permitted acreage on its own.
