

TEMPORARY

THE STATE OF NEVADA

PERMIT TO CHANGE THE PUBLIC WATERS OF THE STATE OF NEVADA HERETOFORE APPROPRIATED

Name of applicant: BOARD OF REGENTS UNIVERSITY OF NEVADA SYSTEM
Source: TRUCKEE RIVER
Basin: TRACY SEGMENT
Manner of Use: AS DECREED
Period of Use: AS DECREED
Priority Date: AS DECREED

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This temporary permit, to change the point of diversion and place of use of a portion of the waters of the Truckee River as heretofore granted under Claim 601, Truckee River Final Decree, is issued subject to the terms and conditions imposed in said decree and with the understanding that no other rights on the source will be affected by the change proposed herein. Before any use of the water begins, a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of the waters placed to beneficial use.

This temporary permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this temporary permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This temporary permit is issued pursuant to the provisions of NRS 533.345 Section 2 and will expire on December 31, 2011, at which time all rights herein granted shall revert to the right being changed by this temporary permit.

The point of diversion and place of use are as described on the submitted application to support this permit.

(Continued on Page 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, **and not to exceed 1.345 cubic feet per second or 215.31 acre-feet as decreed.**

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

N/A

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

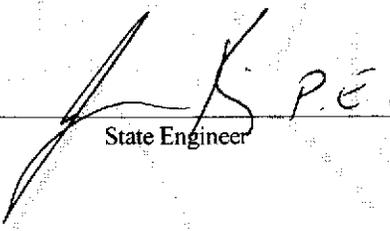

N/A

Map in support of proof of beneficial use shall be filed on or before:

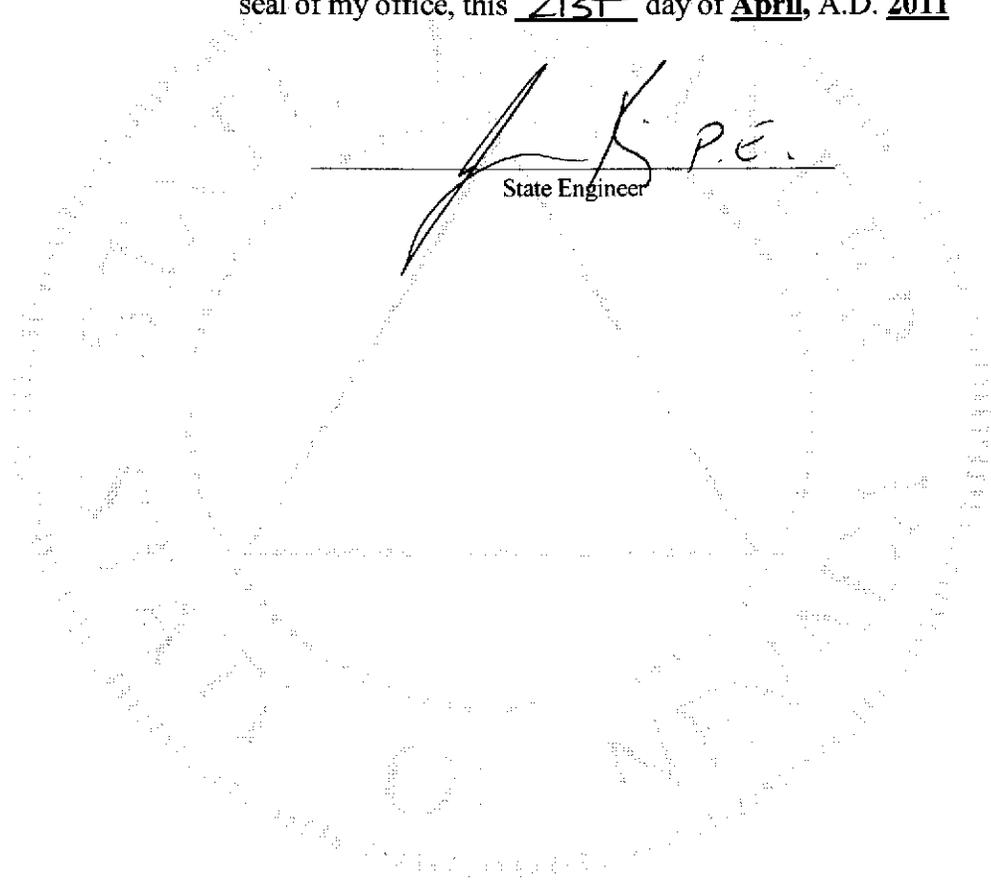

N/A

IN TESTIMONY WHEREOF, I, JASON KING, P.E.,

State Engineer of Nevada, have hereunto set my hand and the seal of my office, this 21st day of April, A.D. 2011

State Engineer

APPLICATION FOR PERMISSION TO CHANGE POINT OF DIVERSION, MANNER OF USE AND PLACE OF USE OF THE PUBLIC WATERS OF THE STATE OF NEVADA HERETOFORE APPROPRIATED

THIS SPACE FOR OFFICE USE ONLY
Date of filing in State Engineer's Office MAR 02 2011
Returned to applicant for correction
Corrected application filed Map filed MAR 02 2011

The applicant The Board of Regents, University of Nevada System
2601 Enterprise Road of Reno
Nevada 89512 hereby make(s) application for permission to change the

- Point of diversion Place of use Manner of use of a portion

of water heretofore appropriated under (Identify existing rights by Permit, Certificate, Proof or Claim Nos. If Decreed, give title of Decree and identify right in Decree.)

Claim 60X of the Truckee River Decree, said decree entered by the District Court of the United States for Nevada in that certain action entitled "The United States of America, Plaintiff, vs. Orr Water Ditch Company, et al., Defendants" in Equity Document A-3

1. The source of water is Truckee River
Name of stream, lake, underground, spring or other sources.

2. The amount of water to be changed 215.31 AFA and a prorata share of the diversion rate
Second feet, acre-feet. One second foot equals 448.83 gallons per minute.

3. The water to be used for As Decreed
Irrigation, power, mining, commercial, etc. If for stock, state number and kind of animals. Must limit to one major use

4. The water heretofore used for As Decreed
If for stock, state number and kind of animals.

5. The water is to be diverted at the following point (Describe as being within a 40-acre subdivision of public survey and by course and distance to a found section corner. If on unsurveyed land, it should be stated.)

See Attached, NW 1/4 NW 1/4 Section 6, T.19N., R.22E., M.08&M., or at a point from which the NE corner of said Section 6 bears N 75° 17' 58" E, a distance of 4,322' feet. SE 1/4 NW 1/4 Section 6, T.19N., R.22E., M.08&M., or at a point from which the NE corner of said Section 6 bears N 64° 53' 05" E a distance of 3,213 feet

6. The existing point of diversion is located within (If point of diversion is not changed, do not answer.)
The SE 1/4 SE 1/4 Section 7, T.19N., R.20E., MDM, or at a point from which the NE corner of said Section 7 bears N. 3° 25' E., 4795.00 feet (Pioneer Ditch). (Please use the map on file at DWR under Permit 67182 to describe the existing point of diversion)

7. Proposed place of use (Describe by legal subdivisions. If for irrigation, state number of acres to be irrigated.)

Portions S1/2NW1/4, N1/2NW1/4, SW1/4NE1/4 Section 6, T.19N., R.22E., MDM (approximately 51.5 ac. to be irrigated for revegetation)

8. Existing place of use (Describe by legal subdivisions. If changing place of use and/or manner of use of irrigation permit, describe acreage to be removed from irrigation.)

134.17 acres within a portion of the W1/2 SW1/4 Sec. 14, portions of the E1/2 SE1/4 and the SW1/4 SE1/4 Sec. 15, portion of the W1/2 NE1/4 Sec. 22, T.19N., R.20E., MDM (113.01 ac. from APN 21-030-06 and 21.16 ac. from APN 21-030-23, as shown on Truckee River Map TR-046.

9. Proposed use will be from As Decreed to As Decreed of each year.
Month and Day Month and Day

10. Existing use permitted from As Decreed to As Decreed of each year.
Month and Day Month and Day

11. Description of proposed works. (Under the provision of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.) (State manner in which water is to be diverted, i.e., diversion structure, ditches, pipes and flumes or drilled well, pump and motor, etc.)

Proposed temporary pump installed in river channel, with surface distribution and revegetation irrigation system

12. Estimated cost of works \$100,000

13. Estimated time required to construct works 1 month

If well completed, describe well.

14. Estimated time required to complete the application of water to beneficial use 12 months

15. Provide a detailed description of the proposed project and its water usage (use attachments if necessary): (Failure to provide a detailed description may cause a delay in processing.)

See Attachment

RECEIVED

**ATTACHMENT TO TEMPORARY APPLICATION TO CHANGE TRUCKEE
RIVER DECREE CLAIM 601**

Item 15. Proposed Project Description

This application is filed to temporarily change a portion of Truckee River Decree Claim 601, proposed to be diverted from two separate diversion points on the Truckee River channel. The change is proposed to provide water for the irrigation of approximately 51.5 acres of riparian area to be extensively planted with trees, shrubs and grasses for rehabilitation of natural vegetation. As described by the supporting map, both diversions will be located on the north bank of the river channel for irrigation of a single contiguous area.

Water will be delivered and applied to the project site by installation of temporary pumps in the Truckee River channel and through surface-laid distribution pipelines with sprinkler systems. The projected water use total from the two diversions will not exceed 215 acre-feet as allowed under Claim 601, for irrigation demand during the period allowed under provisions of the Truckee River Decree.

This represents a part of the Nature Conservancy's continuing restoration efforts at the McCarran Ranch project site, and to assist in the improvement of water quality in the Truckee River. This project is a cooperative effort of The Nature Conservancy, the City of Reno, and the University of Nevada, Reno. The water rights under Claim 601, which are the subject of this application, are a portion of the total of 350 acre-feet under Truckee River Decree Claims 601 and 607 allowed under lease by The Nature Conservancy for Truckee River restoration projects. This total of 350 acre-feet is proposed, through this and three other applications, to be temporarily moved from the University's Main Farm area downstream to be used within the restoration site acreages.

Please use Truckee River Decree Maps TR-045 and TR-046 and the map 67182 on file at the Division of Water Resources to support the existing point of diversion and place of use, and the map on file under 67962-T to support the proposed place of use.
