**APPROVAL OF STATE ENGINEER**

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion of the waters of an underground source as heretofore granted under Permit 77723 is issued subject to the terms and conditions imposed in said Permit 77723 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the Proof of Completion of Work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The well must be sealed with cement grout, concrete grout or neat cement from ground level to 100 feet.

The total combined duty of water under Permits 80648 and 80649 shall not exceed 1,009 acre-feet annually.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The point of diversion and place of use are as described on the submitted application to support this permit.

(Continued on Page 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.5 cubic feet per second or 504.5 acre-feet annually and not to exceed 5.0 acre-feet per acre from any and/or all sources.

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

September 27 2012

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

September 27 2014

Map in support of proof of beneficial use shall be filed on or before:

September 27 2014

IN TESTIMONY WHEREOF, I, JASON KING, P.E.,

State Engineer of Nevada, have hereunto set my hand and the seal of my office, this 27<sup>th</sup> day of September, A.D. 2011

The well was drilled and equipped in 2010, the property was cleared and prepared for agricultural purposes. For further works completed please reference the Proof of Completion submitted for 77722 and 77723.

16. Miscellaneous remarks:

Vidler was in the process of dedicating an easement for the well and pipeline locations, when it was discovered that the current Point of Diversion under permits 77722 and 77723 was not within the 300' as allowed. This change will correct this issue. Please reference the map filed under Permit 77722 and 77723.
