Applications to Change

Applications to Change Point of Diversion, Place and Manner of Use of Permit No. 45594 (Certificate No. 11914) and a portion of Permit No. 51100.

Applicant: Break-A-Heart, LLC

Item Nos. 15 and 16 –

Desert Hills Dairy, LLC purchased the property described as the proposed place of use from the Bryan Masini Children's Trust. They also purchased a portion of the water rights appurtenant to this same property. This water will be utilized to support the commercial operations and hay production for the dairy.

Bryan Masini Children's Trust retained ownership of numerous water rights and has filed applications to remove the remaining water rights. Upon approval of these applications to change, other water resources will be needed to continue irrigating and producing hay products for the dairy.

Break-A-Heart, LLC and Desert Hills Dairy, LLC have entered into a water lease agreement to move water for irrigation purposes on lands owned by Desert Hills Dairy, LLC. The proposed points of diversion are existing wells completed under previously approved water rights. The irrigation system was completed many years ago under existing permits and hay crops currently are in production.
