**APPROVAL OF STATE ENGINEER**

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the manner and place of use of a portion of the waters of the Truckee and Carson Rivers as set forth under a portion of Permit 78066 which changed the place of use of a portion of the Newlands Reclamation Project rights in the Truckee and Carson River final decrees is issued subject to the terms and conditions imposed in said decrees and with the understanding that no other rights on the source will be affected by the change proposed herein.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This permit is expressly contingent on the payment of the operation and maintenance charges that are properly assessed and come due the same as if the water were still appurtenant to the agricultural land from which it is transferred, pursuant to NRS 533.370, subsection 1 (b)

The point of diversion and place of use are as described on the submitted application to support this permit.
