APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion and place of use of a portion of the waters as it appears under the Clear Creek Decree Case 1020, State of Nevada, in District Court, Second Judicial District County of Ormsby July 22, 1872 is issued subject to the terms, conditions and irrigation period imposed in said decree, and with the understanding that no other rights on the source will be affected by the change proposed herein. A suitable measuring device must be installed and measurements of water use kept. The State Engineer retains the right to regulate the use of water herein granted at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The point of diversion and place of use are as described on the submitted application to support this permit.
