APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This temporary permit to change the point of diversion, place and manner of use of the waters of the Truckee River as heretofore granted under Permit 70426, which changed the point of diversion, place and manner of use of a portion of Claim 383, Truckee River Decree, is issued subject to the terms and conditions imposed in said decree and with the understanding that no other rights on the source will be affected by the change proposed herein. A suitable measuring device must be installed and accurate measurements of water placed to beneficial use must be kept.

This temporary permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this temporary permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This temporary permit is issued pursuant to the provisions of NRS 533.345 Section 2 and will expire **December 31, 2012** at which time all rights herein granted shall revert to the right being changed by this temporary permit.

This temporary permit is subject to the continuing jurisdiction and regulation of the Federal Water Master and State Engineer.

This temporary permit is limited to the irrigation of 10.07 acres within the described place of use and not to exceed an annual duty of 4.0 acre-feet per acre as decreed from all sources.

The point of diversion and place of use are as described on the submitted application to support this permit.

(Continued on Page 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, **and not to exceed 0.1761 cubic feet per second or 40.27 acre-feet as decreed.**

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

N/A

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:
