**Manner of Use:** QUASI-MUNICIPAL  
**Period of Use:** JANUARY 1ST THROUGH DECEMBER 31ST  
**Priority Date:** 02/05/1974

\*\*\*\*\*

#### APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion and place of use of a portion of the waters of an underground source as heretofore granted under Permit 45061 is issued subject to the terms and conditions imposed in said Permit 45061 and with the understanding that no other rights on the source will be affected by the change proposed herein. This well shall be equipped with a two (2) inch opening for measuring depth to water and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

If any water under this permit is cancelled or any water is not put to beneficial use, it will revert to the groundwater source and not back to the base water right.

The point of diversion and place of use are as described on the submitted application to support this permit.

(Continued on Page 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, **and not to exceed 0.014 cubic feet per second or 2.24 acre-feet annually.**

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

September 19 2013

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

September 19 2016

Map in support of proof of beneficial use shall be filed on or before:

Street Address or PO Box City or Town  
Nevada 89049 hereby make(s) application for permission to change the  
State and ZIP Code

- Point of diversion       Place of use       Manner of use       of a portion

of water heretofore appropriated under (Identify existing rights by Permit, Certificate, Proof or Claim Nos. If Decreed, give title of Decree and identify right in Decree.)

State Engineers Ruling No. 5895 for Permit No. 45061

REL

RECEIVED  
 2012 MAY 16 AM 11:21  
 STATE ENGINEERS OFFICE

1. The source of water is underground  
Name of stream, lake, underground, spring or other sources.

2. The amount of water to be changed 0.014 cfs, 2.24 acre feet annually  
Second feet, acre-feet. One second foot equals 448.83 gallons per minute.

3. The water to be used for Quasi-Municipal  
Irrigation, power, mining, commercial, etc. If for stock, state number and kind of animals. Must limit to one major use

4. The water heretofore used for Quasi-Municipal and Domestic  
If for stock, state number and kind of animals.

5. The water is to be diverted at the following point (Describe as being within a 40-acre subdivision of public survey and by course and distance to a found section corner. If on unsurveyed land, it should be stated.)

SE1/4SW1/4 of Section 2, T18S, R49E, from which the closing corner between Sections 2 and 3 along the Nevada/California state line bears N 73 deg. 12' 03" West, at a distance of 2,793.22 feet.  
 (Please use supporting map filed under Permit No. 77148)

6. The existing point of diversion is located within (If point of diversion is not changed, do not answer.)

SE1/4SW1/4 of Section 2, T18S, R49E, from which the closing corner between Sections 2 and 3 along the Nevada/California state line bears N 89 deg. 09' 50" West, at a distance of 2482.66 feet. S 87° 38' 00" W 1076.29 feet  
 (Please see supporting map filed under Permit No. 28062.)

45061

REL

230-24

7. Proposed place of use (Describe by legal subdivisions. If for irrigation, state number of acres to be irrigated.)

The entire Amargosa Valley, Basin No. 230 based on the map depicted on the Division of Water Resources website.

8. Existing place of use (Describe by legal subdivisions. If changing place of use and/or manner of use of irrigation permit, describe acreage to be removed from irrigation.)

SW1/4SE1/4 Section 2, T18S, R49E; SE1/4SW1/4 Section 2, T18S, R49E; SW1/4SW1/4 Section 2, T18S, R49E; NW1/4NE1/4 Section 11, T18S, R49E; NE1/4NW1/4, Section 11, all in T18S, R49E M.D.B.&M.

*see # 16 below*

*REV*

9. Proposed use will be from January 1 to December 31 of each year.  
Month and Day Month and Day

10. Existing use permitted from January 1 to December 31 of each year.  
Month and Day Month and Day

11. Description of proposed works. (Under the provision of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.) (State manner in which water is to be diverted, i.e., diversion structure, ditches, pipes and flumes or drilled well, pump and motor, etc.)

Proof of Completion of Works for the well at the proposed Point of Diversion has been filed Permit No. 77148

12. Estimated cost of works Approximately \$38,000 to date.

13. Estimated time required to construct works Existing well, tanks, and fire hall  
If well completed, describe well.

14. Estimated time required to complete the application of water to beneficial use 10 years

15. Provide a detailed description of the proposed project and its water usage (use attachments if necessary): (Failure to provide a detailed description may cause a delay in processing.)

The proposed Point of Diversion has an existing well as described under Permit No. 77148. Nye County is proposing to use a portion of the water for dust control, construction activities and all other ancillary activities for the benefit of the public in the Amargosa Valley. There is a portable water tank being used for filling water trucks. The existing well at the proposed Point of Diversion will also continue to serve the Fire Hall.

16. Miscellaneous remarks:

This application is to move the water which was received with the purchase of the Lots 48 and 49 in the Little Nevada Subdivision per deed recorded as Book 233, Page 317, Official Records, Nye County, Nevada and per State Engineers Ruling No. 5895.
