This permit, to change the place and manner of use of a portion of Claim 3 of the waters of the Truckee River and Permit 49288, Certificate 13467, which changed the place of use of a portion of Claim 3, Truckee River Decree, is issued subject to the terms and conditions imposed in said decree and with the understanding that no other rights on the source will be affected by the change proposed herein. The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This permit is subject to the allocation percentage during the season of the water rights of the Truckee Division of the Truckee Carson Irrigation District that is set for the season.

The point of diversion and place of use are as described on the submitted application to support this permit.
