#### APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion and place of use of the waters of an underground source as heretofore granted under Permit 75648 is issued subject to the terms and conditions imposed in said Permit 75648 and with the understanding that no other rights on the source will be affected by the change proposed herein. This well shall be equipped with a two (2) inch opening for measuring depth to water and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The total combined duty of water under Permit 61932, Certificate 15806; Permit 62821, Certificate 15807; Permit 63768, Certificate 15808; Permit 63769, Certificate 15809; Permit 67043, Certificate 16888; Permit 67846, Certificate 16889; Permit 67847, Certificate 16890; Permit 70100, Certificate 18184; Permit 70101, Certificate 18185; and Permit 82523, having a commingled place of use, shall not exceed 668.42 acre-feet annually.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

If any water under this permit is cancelled or any water is not put to beneficial use, it will revert to the groundwater source and not back to the base water right.

This permit is issued for recreational purposes within the described place of use further described as Shadow Creek Golf Course, Clark County Assessor Parcel Numbers APN's 124-36-210-001, 124-36-102-001, 124-36-502-001, 124-36-610-004 and 124-36-610-005.

(Continued on Page 2)

The point of diversion and place of use are as described on the submitted application to support this permit.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, **and not to exceed 0.29 cubic feet per second or 76.81 acre-feet annually.**

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

August 29 2014

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

August 29 2016

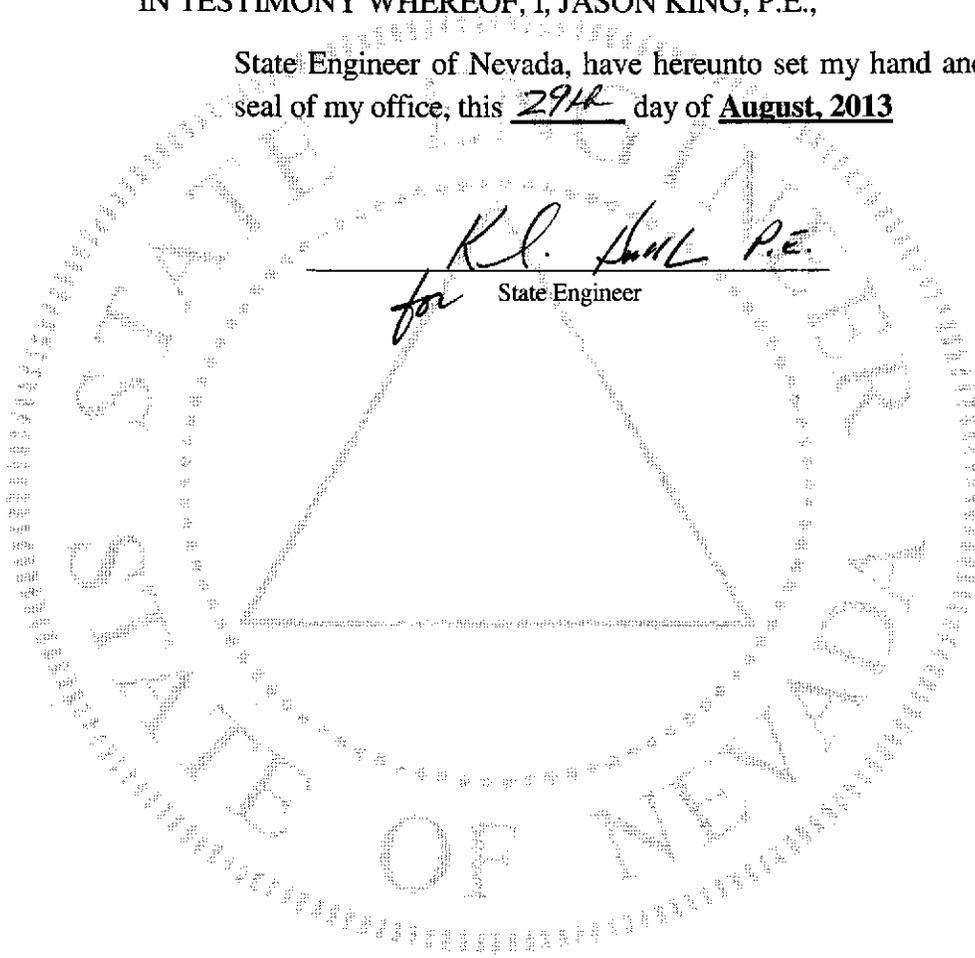

Map in support of proof of beneficial use shall be filed on or before:

August 29 2016

IN TESTIMONY WHEREOF, I, JASON KING, P.E.,

State Engineer of Nevada, have hereunto set my hand and the seal of my office, this 29<sup>th</sup> day of **August, 2013**
