This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit, to change the point of diversion and place of use of a portion of the waters of an underground source as heretofore granted under Permit 74610, is issued subject to the terms and conditions imposed in said Permit 74610 and with the understanding that no other rights on the source will be affected by the change proposed herein. The point of diversion and place of use are as described on the submitted application to support this permit.
