

**THE STATE OF NEVADA****PERMIT TO APPROPRIATE WATER**

Name of Permittee: DAVID NEFF
Source: UNDERGROUND
Basin: RUBY VALLEY
Manner of Use: IRRIGATION
Period of Use: JANUARY 1ST THROUGH DECEMBER 31ST
Priority Date: 06/28/2013

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to existing rights. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to beneficial use. It is also understood that this right must allow for a reasonable lowering of the static water level. This well shall be equipped with a two (2) inch opening for measuring depth to water. If the well is flowing, a valve must be installed and maintained to prevent waste. A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of water begins or before the proof of completion of work is filed. The State retains the right to regulate the use of the water granted herein at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The well must be sealed with cement grout, concrete grout or neat cement from ground level to 100 feet.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The point of diversion and place of use are as described on the submitted application to support this permit.

(Continued on Page 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 2.5 cubic feet per second or 440.0 acre-feet annually, but not to exceed 4.0 acre feet per acre from all sources.

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

January 29 2016

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

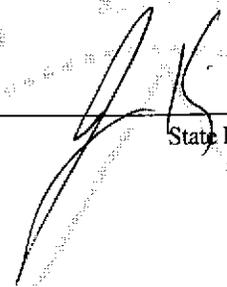

January 29 2019

Map in support of proof of beneficial use shall be filed on or before:

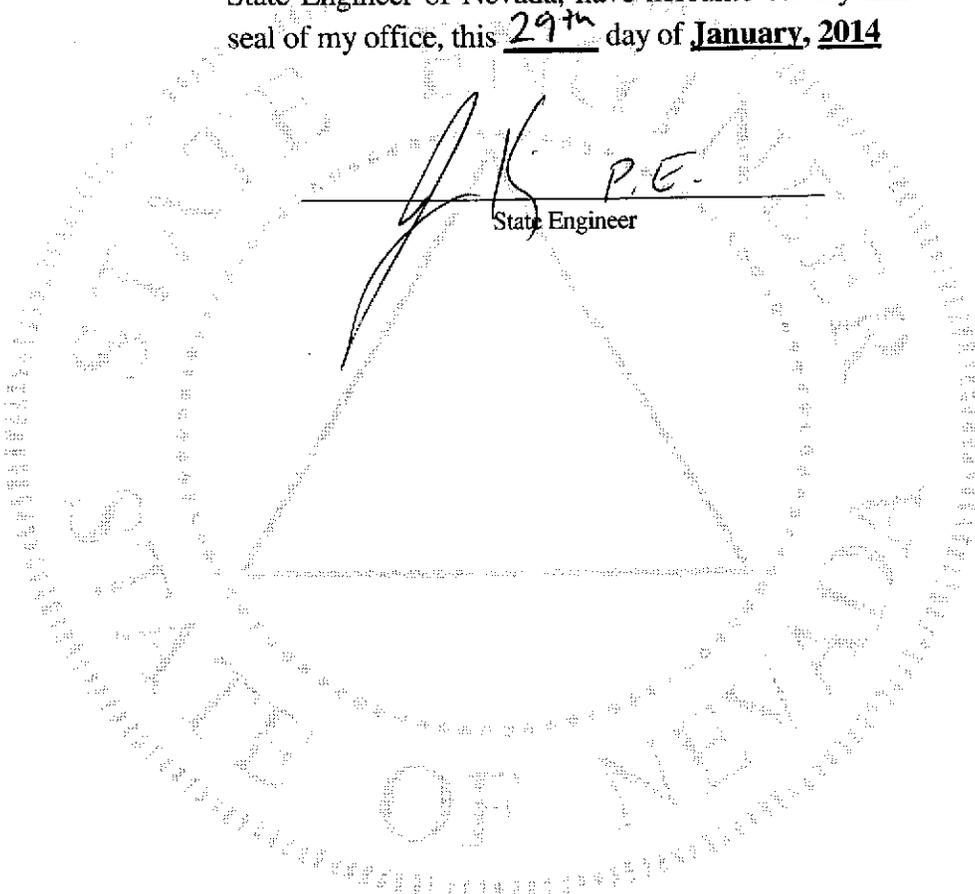

January 29 2019

IN TESTIMONY WHEREOF, I, JASON KING, P.E.,

State Engineer of Nevada, have hereunto set my hand and the seal of my office, this 29th day of January, 2014

 P.E.

State Engineer

APPLICATION FOR PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

THIS SPACE FOR OFFICE USE ONLY
Date of filing in State Engineer's Office JUN 28 2013
Returned to applicant for correction JUL 11 2013
Corrected application filed AUG 19 2013 Map filed AUG 19 2013

The applicant David Neff

HC 60 Box 536 of Ruby Valley
Street Address Or P.O. Box City or Town

Nevada 89833 hereby make(s) application for permission to appropriate
State and Zip code No.

the public waters of the State of Nevada, as hereinafter stated. (If applicant is a corporation, give date and place of incorporation; if a copartnership or association give names of members.)

Blank lines for additional information or notes.

- 1. The source of water is Underground
2. The amount of water applied for is 2.5 cfs
3. The water to be used for Irrigation
4. If use is for:
(a) Irrigation, state number of acres to be irrigated 110 acres
(b) Stockwater, state number and kind of animals
(c) Other use (describe fully in No. 12)
(d) Power:
(1) Horsepower developed
(2) Point of return of water to stream

5. The water is to be diverted from its source at the following point: (Describe as being within a 40-acre subdivision of public survey, and by course and distance to a found section corner. If on unsurveyed land, it should be so stated.)

NW1/4 NE1/4 of Section 31, T.33 N., R.60 E., M.D.B. & M., at a point from which the Northwest Corner of said Section 31 bears N 86° 00' 42" W, 3590.25 feet.

6. Place of use (Describe by legal subdivision. If on unsurveyed land, it should be so stated)

SW1/4, W1/2 SE1/4 of Section 30, the N1/2 NW1/4, NW1/4 NE1/4 of Section 31, all in T.33 N., R.60 E., M.D.B. & M.

7. Use will begin about January 1st and end about December 31st of each year.
Month and Day Month and Day

8. Description of proposed works (Under the provisions of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.) (State manner in which water is to be diverted, i.e. diversion structure, ditches and flumes, drilled well with pump and motor, etc.)

Drilled well, pipelines and pivot sprinkler system.

9. Estimated cost of works: \$10,000

10. Estimated time required to construct works: 3 years
If well completed, describe works.

11. Estimated time required to complete the application of water to beneficial use 5 years

12. Provide a detailed description of the proposed project and its water usage (use attachments if necessary):
(Failure to provide a detailed description may cause a delay in processing.)

Drilled well, pipelines and pivot sprinkler system to irrigate 110 acres within the proposed place of use.

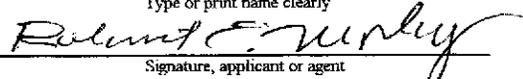

13. Miscellaneous remarks:
