#### APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit, to change the place of use of a portion of the waters of Verdi Spring as heretofore granted under Permit 35492, is issued subject to the terms and conditions imposed in said Permit 35492 and with the understanding that no other rights on the source will be affected by the change proposed herein. A measuring device must be installed and measurements of water use kept.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The total combined duty of water under Permits 83073, 83074 and 83075 shall not exceed 883 acre-feet annually.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The point of diversion and place of use are as described on the submitted application to support this permit.

(Continued on Page 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.91 cubic feet per second or 139.05 acre-feet as decreed.

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

April 18 2015

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

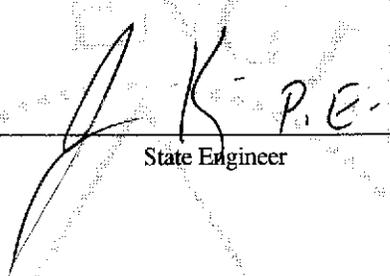

April 18 2019

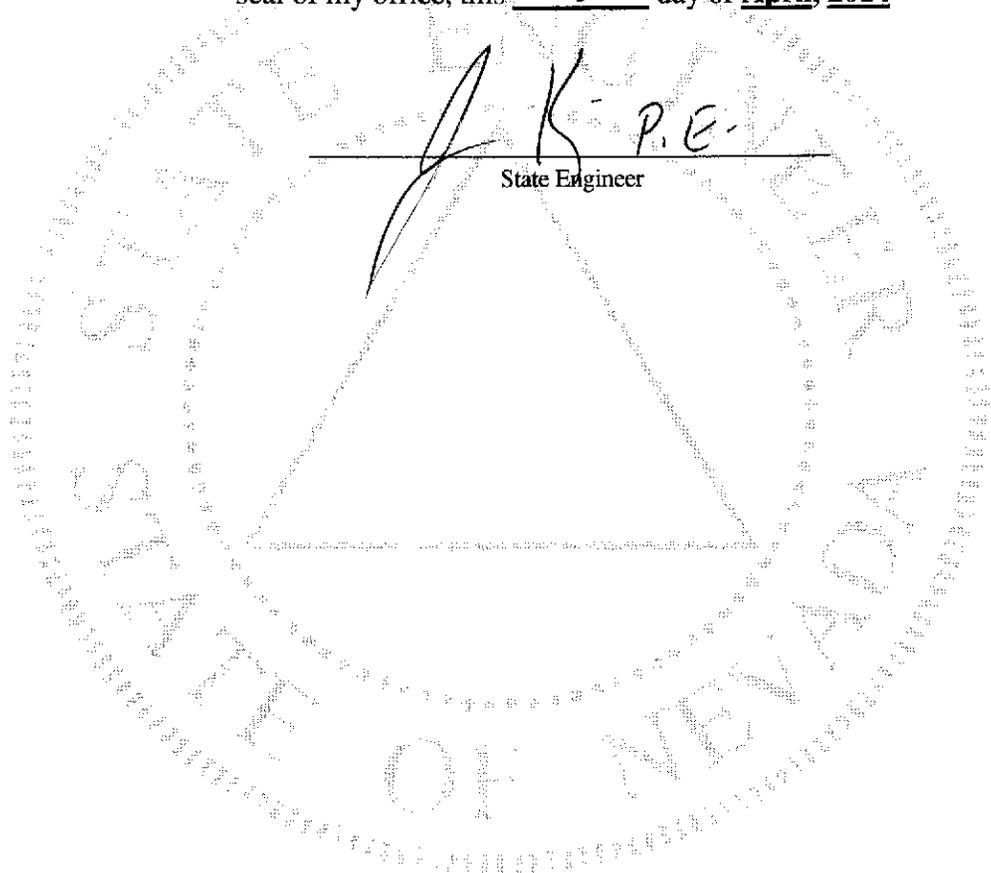

Map in support of proof of beneficial use shall be filed on or before:
