APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit, to change the place of use of a portion of the waters of the Truckee River as heretofore granted under Permit 57250, which changed the place of use of a portion of Claim 48, Truckee River Decree, along with a portion of Claim 49, Truckee River Decree, is issued subject to the terms and conditions imposed in said decree and with the understanding that no other rights on the source will be affected by the change proposed herein. A suitable measuring device must be installed and accurate measurements of water placed to beneficial use must be kept.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The permit is under the continuing jurisdiction of the Federal Water Master and State Engineer.

The point of diversion and place of use are as described on the submitted application to support this permit.

(Continued on Page 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.0743 cubic feet per second or 10.28 acre-feet as decreed for the irrigation of 2.57 acres within the described place of use, but not to exceed 4.00 acre-feet per acre from all sources.

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

September 17 2015

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

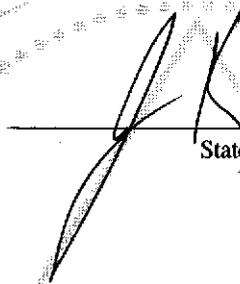

September 17 2017
