**APPROVAL OF STATE ENGINEER**

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This temporary permit, to change the place and manner of use of a portion of the waters of Sheridan Creek, as heretofore appropriated under Proof V04594 as appears in the Final Order of Determination of the Relative Rights in and to the Waters of Mott Creek, et al, in the District Court of the Ninth Judicial District of the State of Nevada, in and for the County of Douglas, is issued subject to the terms, conditions and irrigation period imposed in said Final Order and with the understanding that no other rights on the source will be affected by the change proposed herein.

This temporary permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this temporary permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The design of a suitable diversion structure must be submitted to and approved by the State Engineer prior to its construction. This structure must account for the appropriate amount of flow to be changed from the southern diversion to the northern diversion - an additional 2.75% of the total flow to the northern split of Sheridan Creek. A proof of completion must be submitted to and approved by the State Engineer prior to any water being diverted under this temporary permit.

This temporary permit is issued pursuant to the provisions of NRS 533.345 Section 4 and will expire on October 15, 2014 at which time all rights herein granted shall revert to the right being changed by this temporary permit.

The point of diversion and place of use are as described on the submitted application to support this permit.

(Continued on Page 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, **and not to exceed 0.099 cubic feet per second or 40.0 acre-feet annually.**

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

**October 15, 2014**

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

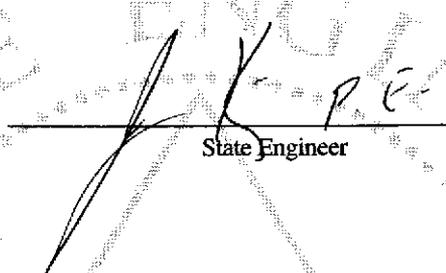

**N/A**

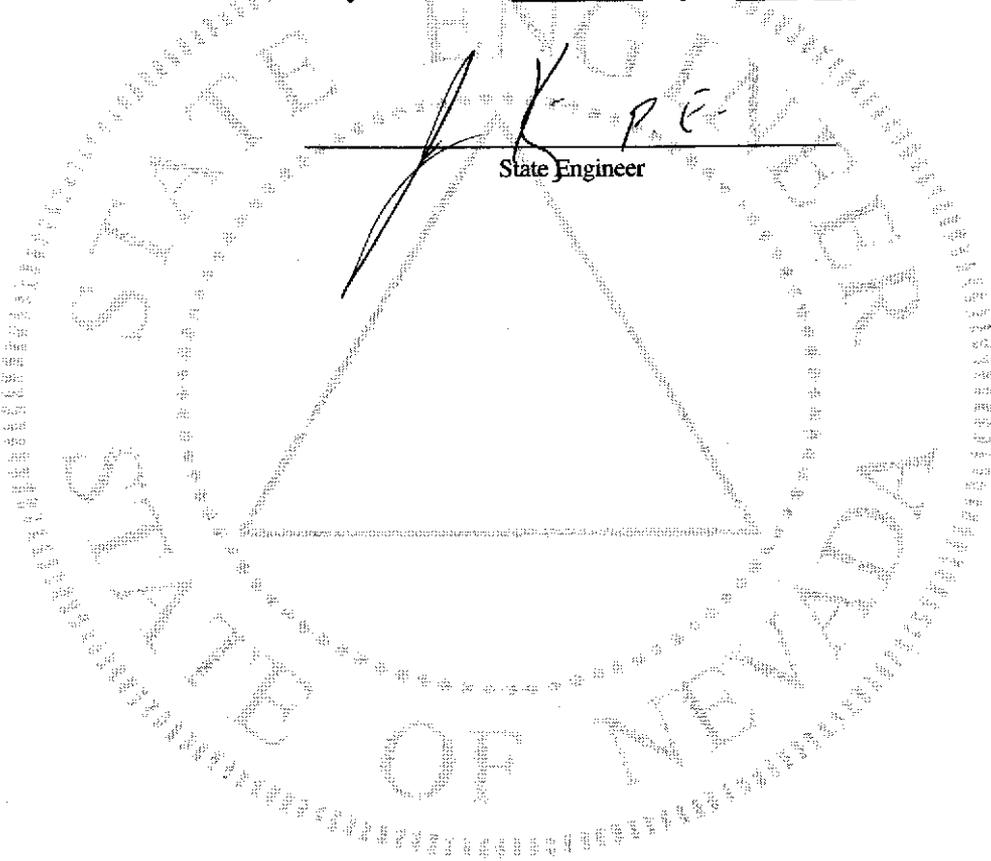

Map in support of proof of beneficial use shall be filed on or before:
