#### APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This temporary permit, to change the place and manner of use of a portion of the waters of the Truckee River as heretofore granted under Claim 1, Truckee River Decree, is issued subject to the terms and conditions imposed in said decree and with the understanding that no other rights on the source will be affected by the change proposed herein. A suitable measuring device must be installed and accurate measurements of water placed to beneficial use must be kept.

This temporary permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this temporary permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This temporary permit is issued subject to the continuing jurisdiction and regulation by the Orr Ditch Decree Court and the Federal Water Master.

This temporary permit expires one year from the date of issue and shall be exercised as described in either proposed Alternative 3 or 4 as set forth in the Environmental Assessment by the U.S. Department of the Interior dated June 2002, that is the water will be taken in equal amounts over a certain number of months.

The amount of water described under Alternatives 3 and 4 will be delivered at a continuous diversion rate for the percentages described in each month set forth in each alternative.

The point of diversion and place of use are as described on the submitted application to support this permit.

(Continued on Page 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 51.8 cubic feet per second or 8292.0 acre-feet as decreed.

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

N/A

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

N/A

Map in support of proof of beneficial use shall be filed on or before:

**Attachment B**

This application is filed pursuant to the attached Order dated February 28, 1984, in the case of United States v. Orr Water Ditch Co., Equity No. A-3, in the United States District Court for the District of Nevada and in the interest of comity among the United States, the Pyramid Lake Paiute Tribe of Indians and the State of Nevada. The applicants specifically reserve all of their rights, interests and authorities pertaining to this matter including, without limitation, all rights and authorities asserted in arguments previously made to the Orr Ditch Court in connection with the above referenced February 28, 1984 Order and the rights to contest the jurisdiction of the Nevada State Engineer and to seek de novo review in the Orr Ditch Court of any orders, decisions, rulings or other actions of the Nevada State Engineer.

The water to be transferred will be used during the irrigation season, through November 15, subject to the condition that no more than 25 percent of the total water right amount will be used in any month. In addition, no more than 51.8 cfs will be used at any time.

This application is for a temporary change, not to exceed 1 year, pursuant to NRS 533.345.

The right sought under this temporary change application voluntarily will be exercised in conjunction with other Tribal water rights used for wildlife purposes so as to avoid limitations on diversions of Truckee Meadows water rights pursuant to Article VII (B) of the Truckee River Agreement.
