16. Miscellaneous remarks

Proposed place of use has been historically irrigated. Historical use documented and filed under V-10493. Temporary change application 83246T filed on 11/8/2013 to temporarily change point of diversion for a portion of filed Vested Claim V-10493. 83246T is currently listed as RFA.

This temporary change application for 14670 as well as temporary change application being filed for ~~17761~~ ^{15224 and 28039} (being filed at same time as this temporary change application), are intended to irrigate the same proposed Place of Use and Point of Diversion as the proposed Place of Use and Point of Diversion as listed under previously filed 83246T.

This application is being filed to allow for immediate irrigation within the NW1/4 corner of Section 8. T. 42 N., R. 37 E., M.D.B.&M. Please note that there is no intent for these temporary change applications to 14670 and ~~17761~~ ^{15224, and 28039} be supplemental to previously filed temporary change application 83246T. It is wished that either temporary change applications to 14670, and ~~17761~~ ^{15224, and 28039} be permitted as soon as possible or that 83246T is permitted as soon as possible so that irrigation can begin for the 2014 irrigation season within the proposed place of use. These temporary change applications to 14670, and ~~17761~~ ^{15224, and 28039} are being filed in case 83246T is not permitted in time for the 2014 irrigation season.

Please note that the Brandt Ranch property has been purchased by Rodney and Virginia St. Clair, and Report of Conveyance has been filed to transfer ~~17761~~ ^{15224 and 28039} into Rodney and Virginia St. Clair's name.
