APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This temporary permit, to change the place and manner of use of the waters of Stutler Creek as heretofore appropriated under claim of vested right as evidenced by Proof of Appropriation of Water V06338 is issued with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial headgate and measuring device must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water under this proposed change at any and all times. This temporary permit is issued subject to the Final Order of Determination of the Relative Rights In and To the Waters of Mott Creek, et al, of the waters of Stutler Creek that may be made under this adjudication proceeding.

This temporary permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

This temporary permit is issued pursuant to the provisions of NRS 533.345 Section 2 and will expire October 15, 2014, at which time all rights herein granted shall revert to the right being changed by this temporary permit.

The issuance of this temporary permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The amount of water to be temporarily transferred shall consist of the full flow of Stutler Creek and the commingled waters of the north split of Sheridan Creek and Gansberg Spring in a rotation scheme of distribution. This water may be diverted during the time allotted to the Pestana property, further described as Douglas County Assessor's Parcel No. 1219-14-001-014, consisting of 10.37 acres of water-righted ground. This temporary permit is issued subject to the approval of the modified irrigation rotation schedule by the Ninth Judicial District Court of the State of Nevada In and For Douglas County, Case No. : 08-CV-0363-D; Dept. No. 1, which includes the Pestana property. These rights may be placed to use on the Bentley parcel and are subject to the same sharing agreement as set forth in the 2014 irrigation schedule.

(Continued on Page 2)

This temporary permit shall be initiated only at the beginning of one of the 21-day irrigation rotation cycles occurring between April 1, 2014 and October 15, 2014. Further, these rights may be shared as set forth under the modified rotation schedule.

The point of diversion and place of use are as described on the submitted application to support this permit.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, **and not to exceed 0.1 cubic feet per second or 35.4 acre-feet seasonally.**

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

N/A

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:
