This permit, to change the point of diversion and place of use of the waters of an underground source as heretofore granted under Permit 63456, Certificate 15939, is issued subject to the terms and conditions imposed in said Permit 63456 Certificate 15939 and with the understanding that no other rights on the source will be affected by the change proposed herein. This well shall be equipped with a two (2) inch opening for measuring depth to water.
