

THE STATE OF NEVADA

PERMIT TO CHANGE THE PUBLIC WATERS OF THE STATE OF NEVADA HERETOFORE APPROPRIATED

Name of Permittee: TOWN OF MINDEN
Source: UNDERGROUND (MINDEN WELL 10)
Basin: CARSON VALLEY
Manner of Use: MUNICIPAL
Period of Use: JANUARY 1ST THROUGH DECEMBER 31ST
Priority Date: 10/08/1975

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit, to change the point of diversion, place and manner of use of the waters of an underground source as heretofore granted under Permit 63459, Certificate 16005, is issued subject to the terms and conditions imposed in said Permit 63459, Certificate 16005 and with the understanding that no other rights on the source will be affected by the change proposed herein. This well shall be equipped with a two (2) inch opening for measuring depth to water. A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The total combined duty of water under Permits 81135, 81145 through 81149, 82303, 82304, 82307 through 82326, 83703, 83992 through 84002, and Permits 84092 through 84119 shall not exceed 5,217.27 acre-feet annually.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

Pursuant to NRS 534.110(3), monthly records shall be kept of the effect of pumping this well on other previously existing wells that are located within 2,500 feet of this well and reported to the State Engineer on an annual basis by February 15th of the following year. Any pumping of water in this well may be limited or prohibited to prevent any unreasonable adverse effects on any existing domestic well located within 2,500 feet of this well, unless the holder of this permit and the owner of the domestic well have agreed to alternative measures that mitigate adverse effects.

(Continued on Page 2)

Monthly records shall be kept of the amount of water pumped from this well and the records submitted to the State Engineer on a quarterly basis within 15 days after the end of each calendar quarter. The amount of water pumped for use in Douglas County Utilities, Indian Hills GID and Carson City Utilities service areas must be recorded and submitted as separate amounts.

The applicant shall provide a monitoring plan approved by the State Engineer documenting the impact on water levels that may result from pumping under this permit.

The point of diversion and place of use are as described on the submitted application to support this permit.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, **and not to exceed 0.046 cubic feet per second or 13.288 acre-feet annually.**

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

February 25 2018

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

February 25 2025

Map in support of proof of beneficial use shall be filed on or before:

N/A

IN TESTIMONY WHEREOF, I, JASON KING, P.E.,

State Engineer of Nevada, have hereunto set my hand and the seal of my office, this 25th day of **February, 2015**

State Engineer

7. Proposed place of use (Describe by legal subdivisions. If for irrigation, state number of acres to be irrigated.)

See Attachment "A".

8. Existing place of use (Describe by legal subdivisions. If changing place of use and/or manner of use of irrigation permit, describe acreage to be removed from irrigation.)

S½ SE¼ Section 20; S½ SE¼ Section 21; all of Sections 27 and 28; E½, SE¼ SW¼ Section 29, and all of Sections 33 and 34, T.14N., R.20E., M.D.B.&M. (Use map filed under Permit 57828.)

9. Proposed use will be from January 1 to December 31 of each year.
Month and Day Month and Day

10. Existing use permitted from January 1 to December 31 of each year.
Month and Day Month and Day

11. Description of proposed works. (Under the provision of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.) (State manner in which water is to be diverted, i.e., diversion structure, ditches, pipes and flumes or drilled well, pump and motor, etc.)

Well, pump, motor and municipal distribution system.

12. Estimated cost of works in excess of \$750,000 for this well.

13. Estimated time required to construct works 3 years

If well completed, describe well.

14. Estimated time required to complete the application of water to beneficial use 20 years

15. Provide a detailed description of the proposed project and its water usage (use attachments if necessary): (Failure to provide a detailed description may cause a delay in processing)

Water rights to be changed under this application are consistent with the provisions of an Interlocal Agreement between The Town of Minden (Minden) and Douglas County (County), executed January 21, 2010, which provides for the future supply of ground water by Minden through the North Douglas County and Carson City Water Line Intertie Project to the County for municipal service distribution. The County will convey ownership of the existing water rights under this application to Town of Minden.

16. Miscellaneous remarks:

Please send copies of all notices and correspondence to Douglas County Public Works, Attn. Ron Roman, 1120 Airport Road, Bldg. F-2, Minden, NV 89423
