STATE ENGINEERS OFFICE

- The source of water is Underground  
Name of stream, lake, underground, spring or other sources.
- The amount of water to be changed 0.0333 cfs 1.12 acre feet  
Second feet, acre-feet. One second foot equals 448.83 gallons per minute.
- The water to be used for Quasi-Municipal  
Irrigation, power, mining, commercial, etc. If for stock state number and kind of animals. Must limit to one major use.
- The water heretofore used for Quasi-Municipal  
If for stock state number and kind of animals.
- The water is to be diverted at the following point (Describe as being within a 40-acre subdivision of public survey and by course and distance to a found section corner. If on unsurveyed land, it should be so stated.)  
SE1/4 SW1/4 of Section 9, T.35 N., R.56 E., M.D.B. & M., at a point from which the South 1/4 Corner of said Section 9, bears S 56° 59' 37" E, 1315.59 feet.

- The existing point of diversion is located within (If point of diversion is not changed, do not answer)  
SE1/4 NW1/4 of Section 9, T.35 N., R.56 E., M.D.B. & M., at a point from which the monument located at the centerline intersection of South Fourth Street and Zuni Avenue as shown on official map of Meadow Valley Ranchos Unit 3, File No. 10835 bears N 10° 26' 15" W, 1931.97 feet.

7. Proposed place of use (Describe by legal subdivisions. If for irrigation, state number of acres to be irrigated.)

Portion of SE1/4 SW1/4 of Section 9, T.35 N., R.56 E., M.D.B. & M. also being a portion of Lot 1, Block 62, Meadow Valley Ranchos Unit 3, File No. 10835 labelled as Proposed Parcel on the map accompanying this application.

8. Existing place of use (Describe by legal subdivisions. If changing place of use and/or manner of use of irrigation permit, describe acreage to be removed from irrigation.)

Portions of the SE1/4 NW/4 and NE1/4 SW1/4 of Section 9, T.35 N., R.56 E., M.D.B. & M., being Lots 5 & 6, Block 50 and Lot 3, Block 54, Meadow Valley Ranchos Unit No. 3, File No 10835. The 1.12 acre feet of Permit 62153 that applies to said Lot 3, Block 54, Meadow Valley Ranchos Unit No. 3 is the 1.12 acre feet of Permit 62153 being changed by this application. The remaining 2.24 acre feet of Permit 62153 is to apply to said Lots 5 & 6, Block 50, Meadow Valley Ranchos Unit No. 3 as originally permitted.

9. Proposed use will be from January 1st to December 31st of each year.  
Month and Day Month and Day

10. Existing use permitted from January 1st to December 31st of each year.  
Month and Day Month and Day

11. Description of proposed works. (Under the provision of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.) (State manner in which water is to be diverted, i.e. diversion structure, ditches, pipes and flumes or drilled well, pump, and motor, etc.)

Drilled well, pump, motor and pipelines.

12. Estimated cost of works \$10,000.00

13. Estimated time required to construct works 3 years  
If well completed, describe well.

14. Estimated time required to complete the application of water to beneficial use 5 years

15. Provide a detailed description of the proposed project and its water usage (use attachments if necessary:)(Failure to provide a detailed description may cause a delay in processing)

This application is being filed to change the point of diversion and place of use of a portion of Permit 62153 to service a portion of Lot 1, Block 62, Meadow Valley Ranchos Unit 3, File No. 10835. That portion of Lot 1, Block 62 to be served is labelled as Proposed Parcel on the map accompanying this application. This proposed parcel is being created and developed by the applicants for a single family residence.

There is an existing well located at the proposed point of diversion for this application. This well is located on Lot 5, Block 59, Meadow Valley Ranchos Unit No. 3 that is owned by the applicants. The well was drilled for and is currently being utilized for domestic purposes for a residence on said Lot 5, Block 59. The well will continue to be used for domestic use for the home on Lot 5, Block 59 and will also be used to supply water to the proposed parcel as applied for by this application. The applicants will install a totalizing meter to measure the amounts of water utilized from the well to both the existing home on Lot 5, Block 59 and also the proposed parcel under this application.

Please see the attached sheet for a more detailed explanation of the proposed project.

Attachment to Application to Change the Point of Diversion and Place of Use  
of a Portion of Permit 62153  
by R. Jeff Williams and Dessa K. Williams

The waters under Permit 62153 are permitted to serve three single family residences. This permit serves residences on Lots 5 and 6 of Block 50 and Lot 3 of Block 54 in Meadow Valley Ranchos, Unit No. 3 Subdivision. These lots were created by subdivision which was recorded on November 8, 1962 as File No. 10835.

Lots 5 and 6 of Block 50, which are adjacent lots, lie on the North side of the county road now known as Dobbin Drive, and Lot 3 of Block 54 which lies directly across the street on the South side of Dobbin Drive. A pipeline runs from the well located on Lot 6 of Block 50 across Dobbin Drive to serve Lot 3 of Block 54.

The applicants also control Lot 6 of Block 54 which lies adjacent to and directly South of Lot 3 of Block 54. There is currently a well drilled on Lot 6 of Block 54 which was drilled for and is utilized for domestic purposes.

Dobbin Drive is a gravel road. The applicants have had a recurring problem with the pipeline running from the well across the street to Lot 3 of Block 54 freezing and breaking due to the traffic on the road driving the frost level down to the pipe elevation. They have had to repair the pipeline and the road numerous times due to this problem.

As stated on the extensions of time filed for Permit 62153, the applicants would like to relieve this maintenance problem and in order to rectify the situation we had proposed the following:

- 1) We will submit an application to appropriate water for quasi-municipal purposes. The point of diversion for this application will be the existing domestic well located on Lot 6 of Block 54. The place of use for this application will be Lot 3 and Lot 6 of Block 54 thereby eliminating the need for the pipeline crossing the road from the well under Permit 62153.
- 2) Once the permit under the new appropriation is approved and issued we will transfer the 1.12 acre foot portion of water now permitted under Permit 62153 that applies to Lot 3 of Block 54 that will then be covered under the new appropriation to another location controlled by the applicants.

In accordance with our proposed plan, we have filed the application to appropriate water for quasi municipal purposes as stated under proposed action number 1 above. The permit under this application has been issued and is Permit No. 83873. This permit was issued October 28, 2014.

Due to the fact that Permit No. 83873 has been issued, and in accordance with proposed action number 2 as stated above, we are filing this application changing the point of diversion and place of use of a portion of Permit 62153 to the proposed point of diversion and place of use stated on this application to be utilized by the applicants on a parcel they are developing for a residential use.
