If well completed, describe works.

11. Estimated time required to complete the application of water to beneficial use 5 years

12. Provide a detailed description of the proposed project and its water usage (use attachments if necessary):
(Failure to provide a detailed description may cause a delay in processing.)

Drilled well with pump, pipelines and troughs to supply water to 1000 cattle within the proposed
place of use.

13. Miscellaneous remarks:

The existing well under Permit 19123, Certificate 6181 has declined in production and will no
longer produce sufficient amounts of water to fully irrigate the certificated acreage. The
applicants are in the process of drilling and equipping a replacement well for the existing well
The existing well will however produce sufficient amounts of water for stockwatering purposes.
We are filing this application in order to allow the applicants the ability to leave the existing well
open and utilize it for this purpose.
