APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the period of use and the average number of livestock served from the waters of this source. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit is subject to the condition that the permittee must ensure that wildlife which have customarily used such water will have access thereto, NRS 533.367.

It is understood that the amount of water wherein granted is limited to the amount of water actually produced by the spring, and no rights in excess of that amount are implied or inferred.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The point of diversion and place of use are as described on the submitted application to support this permit.

(Continued on Page 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, **not to exceed 0.05 cubic feet per second and 7.84 acre-feet annually, or sufficient to water 350 head of cattle.**

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

December 16 2016

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

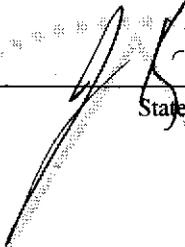

December 16 2018

AFFIDAVIT IN SUPPORT OF STOCK-WATER APPLICATION

I [name] Jeffrey B. Hunewill, being first duly sworn, depose and say I or my agent filed a water right application(s) with the Nevada Division of Water Resources to appropriate water for stock-watering purposes. Application Numbers (if numbers have already been assigned). 85442

Whereas, Nevada Revised Statute § 533.503(1) provides that the State Engineer shall not issue a permit to appropriate water for the purpose of watering livestock unless:

- (a) The applicant for the permit is legally entitled to place the livestock on the lands for which the permit is sought, **and**:
 - (1) Owns, leases or otherwise possesses a legal or proprietary interest in the livestock on or to be placed on the lands for which the permit is sought; or
 - (2) Has received from a person described in subparagraph (1), authorization to have physical custody of the livestock on or to be placed on the lands for which the permit is sought, and authorization to care for, control and maintain such livestock;
- (b) The forage serving the beneficial use of the water to be appropriated is not encumbered by an adjudicated grazing preference recognized pursuant to law for the benefit of a person other than the applicant for the permit; and
- (c) The lack of encumbrance required by paragraph (b) is demonstrated by reasonable means, including, without limitation, evidence of a valid grazing permit, other than a temporary grazing permit, that is issued by the appropriate governmental entity to the applicant for the permit.

I testify that I am the (1) owner or (2) lessee or (3) possess a legal or proprietary interest in the livestock to be watered under this application (check applicable criteria) OR I have received (check if applicable) from the person who owns or leases or otherwise possess a legal or proprietary interest in the livestock authorization to have physical custody of the livestock and authorization to care for, control and maintain such livestock.

Please check one: Private Land Public Land

IF THE APPLICATION IS FOR STOCK WATERING ON PRIVATE LAND: I testify that I am the owner or lessee (check one) of the place of use where the livestock is to be watered.

IF THE APPLICATION IS FOR STOCK WATERING ON PUBLIC LAND: I testify that I hold the valid federal grazing permit, other than a temporary grazing permit, that is issued by the appropriate governmental entity to the applicant for the water right permit.

I have read all the statements in this Affidavit and the Affiant declares that the statements are true and correct to the best of my knowledge and belief.
