**APPROVAL OF STATE ENGINEER**

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This temporary permit, to change the point of diversion and place of use of the waters of an underground source as heretofore granted under Permit 43524, Certificate 11303, is issued subject to the terms and conditions imposed in said Permit 43524, Certificate 11303 and with the understanding that no other rights on the source will be affected by the change proposed herein. This well shall be equipped with a two (2) inch opening for measuring depth to water. A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

The permittee shall keep monthly records of the amount of water pumped from this well and the records submitted to the State Engineer on an annual basis by February 15th of each year.

The total combined duty of water under Permits 43524, Certificate 11303; Permits 82739, 82740, 82741, 82743, 82747, 82748, 82749, 84282, 84285, 84294, 84295, 84298, 84299, 84303, 84306, 84818, 84819 and 85904T shall not exceed 3,139.83 acre-feet annually.

This temporary permit is issued pursuant to the provisions of NRS 533.345 Section 2 and will expire 1 year after the approval of the permit at which time all rights herein granted shall revert to the right being changed by this temporary permit.

This temporary permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this temporary permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The point of diversion and place of use are as described on the submitted application to support this permit.

(Continued on Page 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.454 cubic feet per second or 628.0 acre-feet annually, but is limited to 5.0 acre-feet per acre from all sources.

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

N/A

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

11. Description of proposed works. (Under the provision of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.) (State manner in which water is to be diverted, i.e., diversion structure, ditches, pipes and flumes or drilled well, pump and motor, etc.)

New well with a total depth of approximately 800 feet with 16" casing. Pumps size and specs will be determined after a pumping test.

12. Estimated cost of works \$175,000

13. Estimated time required to construct works 1 year  
If well completed, describe well.

14. Estimated time required to complete the application of water to beneficial use 3 years

15. Provide a detailed description of the proposed project and its water usage (use attachments if necessary): (Failure to provide a detailed description may cause a delay in processing.)

The currently permitted well under 43524 has collapsed and replacing the well at the same location has proven unsuccessful. Rockview has filed a waiver (W-2116) for this location (well name R2) and is anticipating completing the replacement well at this location. The replacement well will be tied into the existing pipeline system and used to irrigate fields primarily in the northern portion of the facility.

16. Miscellaneous remarks:

A change application will be filed as soon as the well is completed. This temporary permit will be withdrawn when the change application is approved.
