#### APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit, to change the point of diversion and place of use of a portion of the waters of the Truckee River as heretofore granted under Claim 220, Truckee River Decree, is issued subject to the terms and conditions imposed in said decree and with the understanding that no other rights on the source will be affected by the change proposed herein. A suitable measuring device must be installed and accurate measurements of water placed to beneficial use must be kept.

This permit is under continuing jurisdiction by the Federal Water Master and the State Engineer.

This permit is limited to the irrigation of 2.26 acres within the proposed place of use.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The point of diversion and place of use are as described on the submitted application to support this permit.

(Continued on Page 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, **and not to exceed 0.0217 cubic feet per second or 8.48 acre-feet as decreed and a duty of 4.00 acre-feet per acre from all sources.**

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

October 26 2017

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

October 26 2019

Map in support of proof of beneficial use shall be filed on or before:

October 26 2019
