

THE STATE OF NEVADA

PERMIT TO CHANGE THE PUBLIC WATERS OF THE STATE OF NEVADA HERETOFORE APPROPRIATED

Name of Permittee: **GARY PRIMM**
Source: **UNDERGROUND**
Basin: **LAS VEGAS VALLEY**
Manner of Use: **QUASI-MUNICIPAL AND DOMESTIC**
Period of Use: **JANUARY 1ST THROUGH DECEMBER 31ST**
Priority Date: **02/05/1949**

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit, to change the place and manner of use of the waters of an underground source as heretofore granted under Permit 84186, is issued subject to the terms and conditions imposed in said Permit 84186 and with the understanding that no other rights on the source will be affected by the change proposed herein. This well shall be equipped with a two (2) inch opening for measuring depth to water. A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

The total combined duty of water under Permits 86235 and 86236 shall not exceed 2.0 acre-feet annually.

If any water under this permit is cancelled or any water is not put to beneficial use, it will revert to the groundwater source and not back to the base water right.

This permit is issued for quasi-municipal and domestic purposes within the described place of use, further identified as Clark County Assessor's Parcel Number 177-09-303-006.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The point of diversion and place of use are as described on the submitted application to support this permit.

(Continued on Page 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, **and not to exceed 0.004 cubic feet per second or 1.381 acre-feet annually.**

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

Filed Under 84186 on April 28, 2016

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

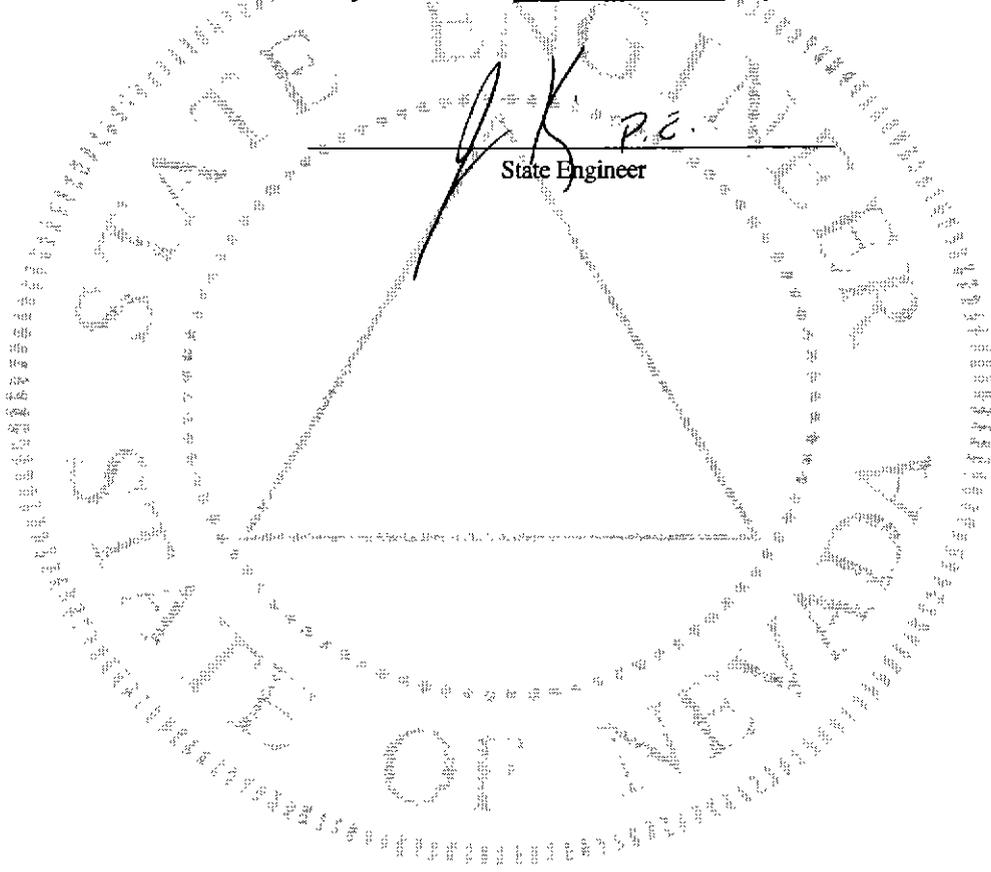

November 30 2019

Map in support of proof of beneficial use shall be filed on or before:

11. Description of proposed works. (Under the provision of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.) (State manner in which water is to be diverted, i.e., diversion structure, ditches, pipes and flumes or drilled well, pump and motor, etc.)

An existing 8-inch well, submersible pump, pipes, pressure tanks, underground distribution system and appurtenances.

12. Estimated cost of works \$25,000

13. Estimated time required to construct works well log unknown

If well completed, describe well.

14. Estimated time required to complete the application of water to beneficial use three (3) years

15. Provide a detailed description of the proposed project and its water usage (use attachments if necessary): (Failure to provide a detailed description may cause a delay in processing.)

This application is being filed because of the sale of a portion of the place of use (APN 177-09-303-009). The water use will generally be the same, though the manner of use is being changed to account for the water use related to the horses maintained on the place of use. Accordingly, the water under this application will be used for quasi-municipal purposes on a single family residential property with the use being for turf, landscaping, pasture and horse stables within Clark County Assessor Parcel No. 177-09-303-006.
