 STATE ENGINEERS OFFICE

1. The source of water is Underground
Name of stream, lake, underground, spring or other sources
2. The amount of water applied for is 0.0016 cfs
One second foot equals 448.83 gallons per minute.
 - (a) If stored in reservoir give number of acre-feet _____
3. The water to be used for Stockwater
Irrigation, power, mining, commercial, domestic or other use. Must limit to one major use.
4. If use is for:
 - (a) Irrigation, state number of acres to be irrigated _____
 - (b) Stockwater, state number and kind of animals 50 cattle
 - (c) Other use (describe fully in No. 12) _____
 - (d) Power:
 - (1) Horsepower developed _____
 - (2) Point of return of water to stream _____

South Fork Area
4-46
ET

5. The water is to be diverted from its source at the following point: (Describe as being within a 40-acre subdivision of public survey, and by course and distance to a found section corner. If on unsurveyed land, it should be so stated.)

Lot 1 (NW1/4 NW1/4) of Section 31, T.32 N., R.56 E., M.D.B. & M., at a point from which the Northwest Corner of said Section 31 bears N 62° 22' 37" W, 105.36 feet.

6. Place of use (Describe by legal subdivision. If on unsurveyed land, it should be so stated)

Portion of Lot 4 (SW1/4 SW1/4) of Section 30 and portions of the N1/2 NW1/4 of Section 31, T.32 N., R.56 E., M.D.B. & M., being all of Adjusted Parcel No. 3, as shown on the Boundary Line Adjustment, Record of Survey for H. Russell McMullen & Cydnee R. McMullen, File No. 636879, also being A.P.N. 006-290-020.

7. Use will begin about January 1st and end about December 31st of each year.
Month and Day Month and Day

8. Description of proposed works (Under the provisions of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.) (State manner in which water is to be diverted, i.e. diversion structure, ditches and flumes, drilled well with pump and motor, etc.)

Drilled Well, pump, pipelines and troughs.

9. Estimated cost of works: \$5,000.00

10. Estimated time required to construct works: well completed under Well Log 100453

If well completed, describe works.

11. Estimated time required to complete the application of water to beneficial use 5 years

12. Provide a detailed description of the proposed project and its water usage (use attachments if necessary):
(Failure to provide a detailed description may cause a delay in processing.)

Drilled well with pump and pipelines to supply water to troughs to water 50 head of cattle within the proposed place of use.

13. Miscellaneous remarks:

AFFIDAVIT IN SUPPORT OF STOCK-WATER APPLICATION

I [name] H. Russell & Anne Wallace McMullen, being first duly sworn, deposes and say I or my agent filed a water right application with the Nevada Division of Water Resources to appropriate water for stock-watering purposes. Application Numbers (if numbers have already been assigned).

Whereas, Nevada Revised Statute § 533.503(1) provides that the State Engineer shall not issue a permit to appropriate water for the purpose of watering livestock unless:

- (a) The applicant for the permit is legally entitled to place the livestock on the lands for which the permit is sought, and:
(1) Owns, leases or otherwise possesses a legal or proprietary interest in the livestock on or to be placed on the lands for which the permit is sought; or
(2) Has received from a person described in subparagraph (1), authorization to have physical custody of the livestock on or to be placed on the lands for which the permit is sought, and authorization to care for, control and maintain such livestock;
(b) The forage serving the beneficial use of the water to be appropriated is not encumbered by an adjudicated grazing preference recognized pursuant to law for the benefit of a person other than the applicant for the permit; and
(c) The lack of encumbrance required by paragraph (b) is demonstrated by reasonable means, including, without limitation, evidence of a valid grazing permit, other than a temporary grazing permit, that is issued by the appropriate governmental entity to the applicant for the permit.

IF THE APPLICATION IS FOR STOCK WATERING ON PRIVATE LAND: I testify that I am the owner [X] or lessee [] (check one) of the place of use where the livestock is to be watered.

IF THE APPLICATION IS FOR STOCK WATERING ON PUBLIC LAND: I testify that I hold the valid federal grazing permit, other than a temporary grazing permit, that is issued by the appropriate governmental entity to the applicant for the water right permit.

I testify that I am the (1) owner [X] or (2) lessee [] or (3) possess a legal or proprietary interest in the livestock to be watered under this application [] (check applicable criteria) OR I have received [X] (check if applicable) from the person who owns or leases or otherwise possess a legal or proprietary interest in the livestock authorization to have physical custody of the livestock and authorization to care for, control and maintain such livestock.

I have read all the statements in this Affidavit and the Affiant declares that the statements are true and correct to the best of my knowledge and belief.
