

TEMPORARY
THE STATE OF NEVADA

**PERMIT TO CHANGE THE PUBLIC WATERS OF THE
STATE OF NEVADA HERETOFORE APPROPRIATED**

Name of Permittee: CARSON WATER SUBCONSERVANCY DISTRICT
Source: STREAM (CARSON RIVER, INDUCTION WELL #25)
Basin: DAYTON VALLEY
Manner of Use: QUASI-MUNICIPAL
Period of Use: EXPIRES MARCH 31, 2017
Priority Date: AS DECREED

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This temporary permit, to change the point of diversion, place and manner of use of portions of Claims No. 812 and 813 of the Carson River as heretofore granted under the Final Carson River Decree No. D-183, in the District Court of the United States in and for the District of Nevada, is issued subject to the terms, conditions and irrigation period imposed in said Final Decree and with the understanding that no other rights on the source will be affected by the change proposed herein.

This temporary permit abrogates 120 acre-feet annually from the base right. In consideration of the 7% transmission loss from Lost Lakes to Carson City, the maximum quantity of water allowed to be diverted from Carson City infiltration wells #25 and 41B shall not exceed 93% of the actual quantity released for use under this temporary permit. Water released throughout the winter months must be captured within two weeks of its release from Lost Lakes.

This temporary permit is issued pursuant to the provisions of NRS 533.345 Section 2 and will expire on March 31, 2017, at which time all rights herein granted shall revert to the right being changed by this temporary permit.

This temporary permit is subject to the continuing jurisdiction of the Federal Water Master and the State Engineer.

This temporary permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this temporary permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The point of diversion and place of use are as described on the submitted application to support this permit.

(Continued on Page 2)

A total of 120 acre-feet is abrogated from the base right. However, in consideration of the 7% transmission loss, the amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 111.6 acre-feet as decreed.

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

N/A

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

N/A

Map in support of proof of beneficial use shall be filed on or before:

N/A

IN TESTIMONY WHEREOF, I, JASON KING, P.E.,

State Engineer of Nevada, have hereunto set my hand and the seal of my office, this 17th day of October, 2016

State Engineer

 STATE ENGINEER'S OFFICE

1. The source of water is West Fort of the Carson River
Name of stream, lake, underground, spring or other sources.
2. The amount of water to be changed 120 AF
Second feet, acre-feet. One second foot equals 448.83 gallons per minute.
3. The water to be used for quasi-municipal purposes
Irrigation, power, mining, commercial, etc. If for stock, state number and kind of animals. Must limit to one major use
4. The water heretofore used for "as decreed"
If for stock, state number and kind of animals.
5. The water is to be diverted at the following point (Describe as being within a 40-acre subdivision of public survey and by course and distance to a found section corner. If on unsurveyed land, it should be stated.)
Existing Carson City infiltration wells, numbers 25 and 41(see Exhibit "B")
6. The existing point of diversion is located within (If point of diversion is not changed, do not answer.)
SE1/4 of SW1/2 and S1/2 of SE1/4, Section 1, T9N,R18E, and NE1/4 of N1/2 of NE1/4 Section 12, T9N, R18E, MDB&M

D.V.
8-103
CC

86422 T

7. Proposed place of use (Describe by legal subdivisions. If for irrigation, state number of acres to be irrigated.)
See Exhibit "A"

8. Existing place of use (Describe by legal subdivisions. If changing place of use and/or manner of use of irrigation permit, describe acreage to be removed from irrigation.)

Temporary application for Lost Lakes under the existing place of use with the following description: within Section of SW1/4 of SE1/4, Section 1, T9N,R18E; and N1/2 of NE1/4, Section 12, T9N, R18E, MBD&M.

9. Proposed use will be from October 1 to March 31 of each year.
Month and Day Month and Day

10. Existing use permitted from as decreed to _____ of each year.
Month and Day Month and Day

11. Description of proposed works. (Under the provision of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.) (State manner in which water is to be diverted, i.e., diversion structure, ditches, pipes and flumes or drilled well, pump and motor, etc.)

Water is released from Lost Lakes dams, flows down the West Fork of the Carson River into the Carson River. Water will then be re-diverted through Carson City infiltration wells.

12. Estimated cost of works N/A

13. Estimated time required to construct works N/A
If well completed, describe well.

14. Estimated time required to complete the application of water to beneficial use N/A

15. Provide a detailed description of the proposed project and its water usage (use attachments if necessary): (Failure to provide a detailed description may cause a delay in processing.)

Water will be released once the irrigation season in Carson Valley is finished. Carson City will re-divert the water through their infiltration wells for municipal and industrial purposes. Water will be released and measured at Lower Lost Lake. A seven percent (7%) transportation loss will be assessed on all water released.
