

THE STATE OF NEVADA
CERTIFICATE OF APPROPRIATION OF WATER

WHEREAS, Gr. Saldubehere has presented to the State Engineer of the State of Nevada Proof of Application of Water to Beneficial Use, from Youngs Canon Spring through a pipe and troughs for Stock Watering purposes.

The point of diversion of water from the source is as follows: at a point approximately in the NW 1/4 SE 1/4 Sec. 18, T. 25 N.R. 63 E., M.D.B. & M., from whence the NE corner Section 25, T. 25 N.R. 62 E., bears S 22° 50' W, 7225 feet, situated in White Pine County, State of Nevada.

NOW KNOW YE, That the State Engineer, under the provisions of Section 72, Chapter 140, Statutes of 1913, as amended by Chapter 253, Statutes of 1915, has determined the date, source, purpose, and amount of such appropriation, together with the place to which such water is appurtenant, as follows:

Name of appropriator Gr. Saldubehere.
Postoffice address Cherry Creek, White Pine County, Nevada
Amount of appropriation 0.025 of a cubic foot of water per second,
Period of use, from June 1st to October 1st of each year
Date of priority of appropriation July 29th, 1918.

Description of irrigated land to which water is appurtenant is as follows:

Description of works of diversion and use:-

The water of this spring is diverted by means of 12' of 2" pipe and conveyed to 32' of wooden troughs 1' wide and 1' deep. The overflow from these troughs is diverted in 50' of semicircular metal troughs having a radius of 20". Water is thus conserved for the purpose of watering approximately 5000 head of sheep.

The right to water hereby determined is limited to the amount which can be beneficially used, not to exceed the amount above specified, and the use is restricted to the place where acquired and to the purpose for which acquired.

IN TESTIMONY WHEREOF, I, J. G. Serughan, State Engineer of Nevada, have hereunto set my hand and the seal of my office, this 15th day of March A.D. 1921

J. G. Serughan
State Engineer
