

THE STATE OF NEVADA
CERTIFICATE OF APPROPRIATION OF WATER

WHEREAS, E. C. Hair, Secretary, The Adams-McGill Company has presented to the State Engineer of the State of Nevada Proof of Application of Water to Beneficial Use, from Badger Hole Springs

through iron pipe to troughs for stock watering and domestic

purposes. The point of diversion of water from the source is as follows: at a point in the SW 1/4 Sec. 17, T. 13 N., R. 61 E., (unsurveyed), from whence the NW corner said T. 13 N., R. 61 E., bears N 25° 03' W, 14406 feet

situated in White Pine County, State of Nevada.

Now Know Ye, That the State Engineer, under the provisions of Section 72, Chapter 140, Statutes of Nevada 1913 has determined the date, source, purpose and amount of such appropriation, together with the place to which such water is appurtenant, as follows:

Name of appropriator The Adams-McGill Company
Postoffice address Ely, Nevada
Amount of appropriation 0.02 cubic foot of water per second
Period of use, from January 1st to December 31st of each year inclusive
Date of priority of appropriation February 6th, 1920

Description of works of diversion and use:-
An iron pipe from an open cut to 100 feet of galvanized troughs 20 inches in diameter. Water is thus conserved for approximately 2500 head of sheep and 300 head of cattle.

The right to water hereby determined is limited to the amount which can be beneficially used, not to exceed the amount above specified, and the use is restricted to the place where acquired, and to the purpose for which acquired.

IN TESTIMONY WHEREOF, I, Robert A. Allen, State Engineer

of Nevada, have hereunto set my hand and the seal of my office, this 5th day of January, A.D. 1923

Robert A. Allen
State Engineer
