

THE STATE OF NEVADA  
CERTIFICATE OF APPROPRIATION OF WATER

WHEREAS Alfred Bellander, Baker, Nevada has presented to the State Engineer of the State of Nevada Proof of Application of Water to Beneficial Use, from Coyote Spring

through open cut, pipe line and troughs for Stockwatering and domestic

purposes. The point of diversion of water from the source is as follows: NW 1/4 SW 1/4 Section 19, T. 15 N., R. 70 E., M.D.B. & M., or which point bears S. 5° E. 45 chains from NW corner of Section 19, T. 15 N., R. 70 E., M.D.B. & M.

situated in White Pine County, State of Nevada.

Now KNOW YE, That the State Engineer, under the provisions of Section 72, Chapter 140, Statutes of 1913 has determined the date, source,

purpose and amount of such appropriation, together with the place to which such water is appurtenant, as follows:

Name of appropriator Alfred Bellander

Post-office address Baker, White Pine County, Nevada

Amount of appropriation 0.0125 of a cubic foot of water per second of time

Period of use, from April 1st to November 1st of each year

Date of priority of appropriation January 24, 1923.

Description of works of diversion manner and place of use:

By means of an open cut 20 feet long and 4' deep at its deepest point, the water is conveyed to a 1" pipe line 80 feet long, thence to a system of wooden troughs 100 feet in length where 2000 head of sheep are watered.

The above described works are located in the same subdivision as the point of diversion.

The right to water hereby determined is limited to the amount which can be beneficially used, not to exceed the amount above specified, and the use is restricted to the place where acquired and to the purpose for which acquired.

IN TESTIMONY WHEREOF, I, GEO. W. MALONE, State Engineer
