The overall system ultimately conveys the water to Truckee Meadows Water Authority's water customers within its certified water service area. Said service area is depicted by record (map and legal description) which is filed with the State Engineer's office.

\*This certificate changes the point of diversion and place of use of a portion of Permit 19909, Certificate 5802, therefore, the date of priority remains the same as Permit 19909, Certificate 5802.
