This rock lined channel runs parallel to the main Galena Creek channel within the SW¼ SE¼ Section 2, T.17N., R.19E., M.D.B.&M., and re-joins Galena Creek at the confluence of Jones Creek.

\*The water under this certificate is to account for seepage and evaporation losses when water is diverted into the South Channel.

\*\*This certificate changes the point of diversion, place of use and manner of use of a portion of Claims 648 and 649, Truckee River Final Decree, United States v. Orr Water Ditch Co., In Equity Docket No. A-3 (D. Nevada 1944), therefore, the date of priority remains the same as Claims 648 and 649.
